

7 Quest

7.1 Security

This includes measures such as escapes, contraband and lost or misplaced equipment.

7.1.1 Security 1 Escapes: completed

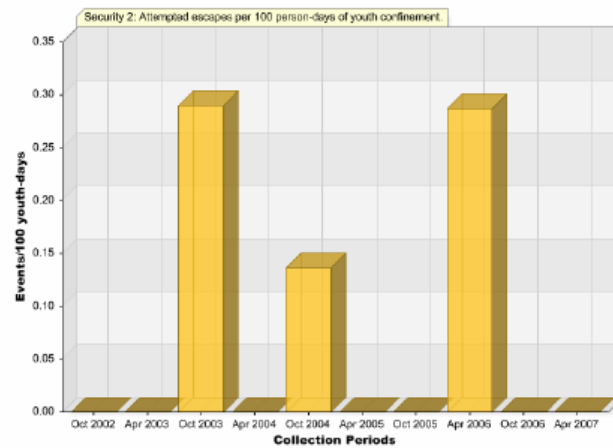

Complete escapes, walk-aways, and AWOL's per 100 person-days of youth confinement.

There is no completed escape; walk-away, and/or AWOL's for five consecutive data collections. The national average for April '07 is .008.

7.1.2 Security 2 Escapes: Attempted

Attempted escapes per
100 person days of
youth confinement.

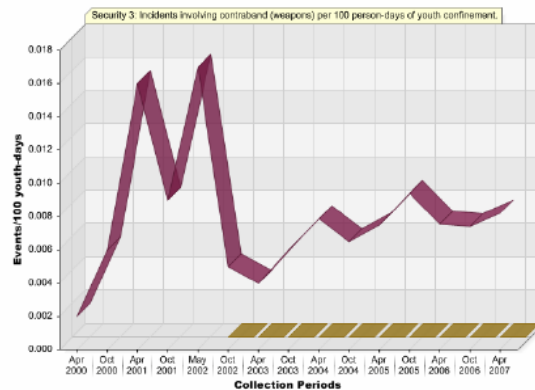

There are no attempted escapes for October '06 and for April '07.

7.1.3 Security 3 Contraband: Weapons

Incidents involving
contraband (weapons)
per 100 person days of
youth confinement.

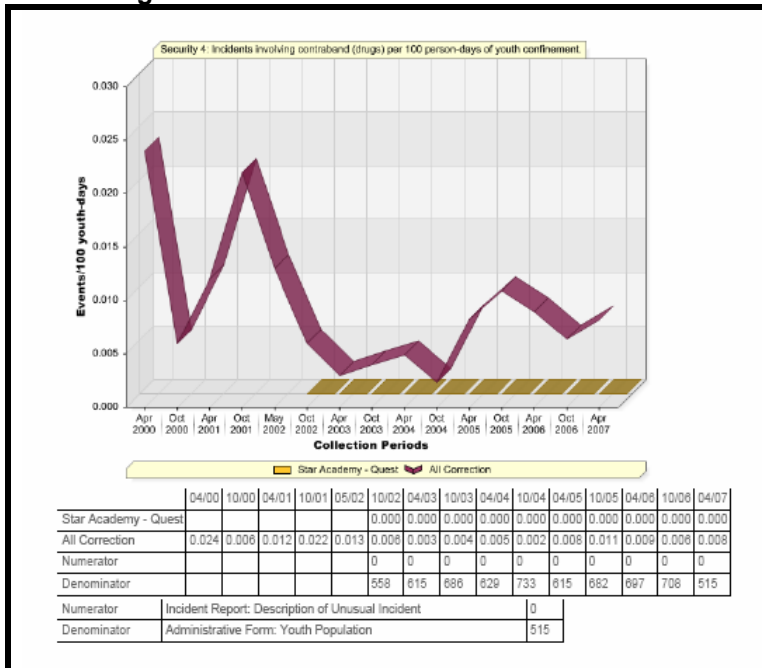

There are no incidents involving contraband (weapons) for the tenth consecutive data collection.

	04/00	10/00	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06	04/07

Denominator	Administrative Form: Youth Population														515

7.1.4 Security 4 Contraband: Drugs

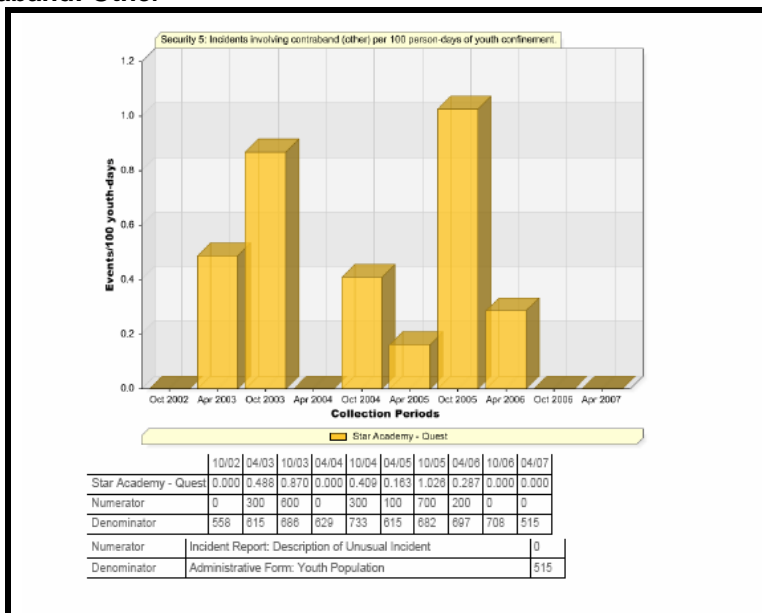

Incidents involving contraband (drugs) per 100 person days of youth confinement.

There are no incidents involving contraband (drugs) for the tenth consecutive data collection.

7.1.5 Security 5 Contraband: Other

Incidents involving contraband (other) per 100 person days of youth confinement.

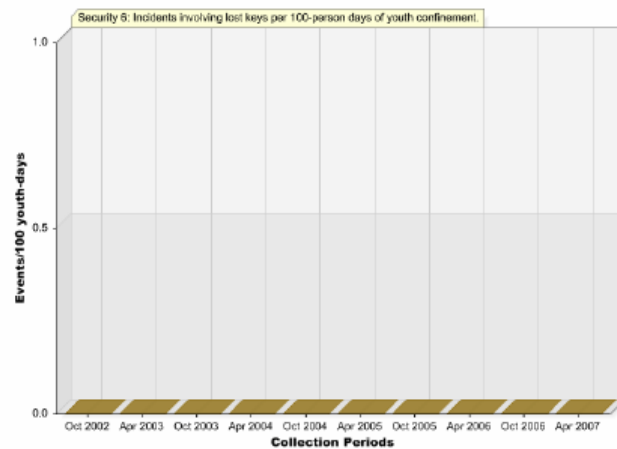

There were no incidents involving contraband (other) in October '06 and April '07.

A Facility Improvement Plan (FIP) was developed for this Outcome Measure OM in April '03 and has been formally closed. The FIP team continues to monitor this OM closely.

7.1.6 Security 6 Lost Keys

Incidents involving lost keys per 100 person days of youth confinement.

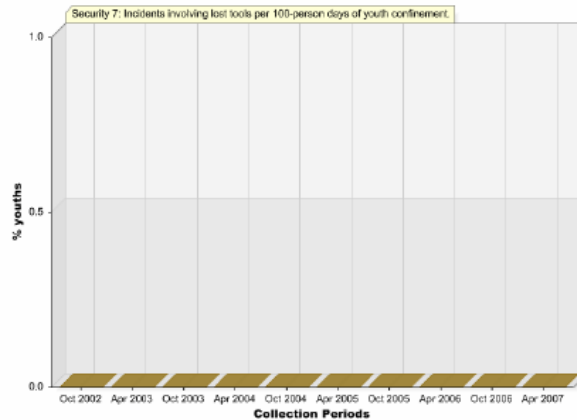

Star Academy - Quest

Numerator	Incident Report: Description of Unusual Incident									0
Denominator	Administrative Form: Youth Population									515

There were no incidents involving tools for the tenth consecutive data collection.

7.2 Order

This includes measures such as misconduct, use of restraints and isolation and idle waking hours.

7.2.1 Order 1 Youth Misconduct

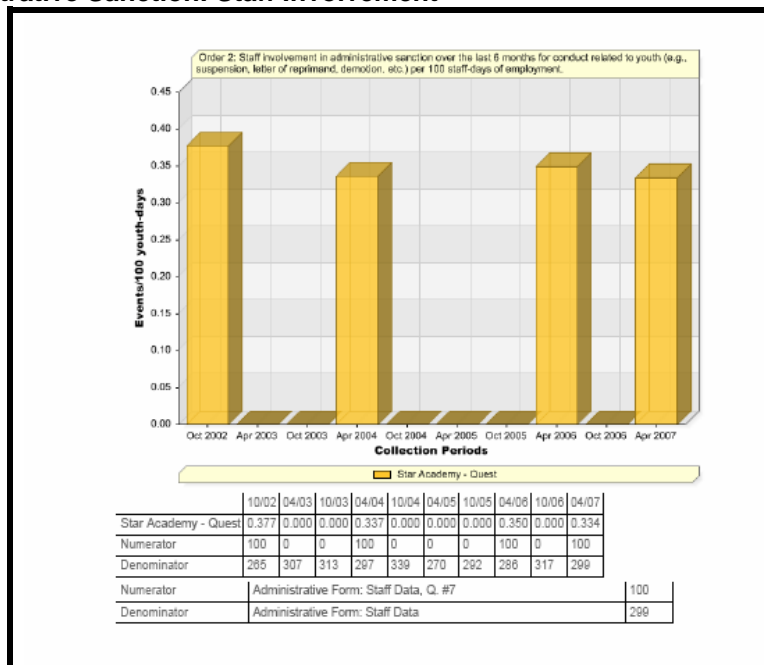

Incidents of youth misconduct per 100 person days of youth confinement.

There were three incidents of youth misconduct for October '06 and two for April '07.

7.2.2 Order 2 Administrative Sanction: Staff Involvement

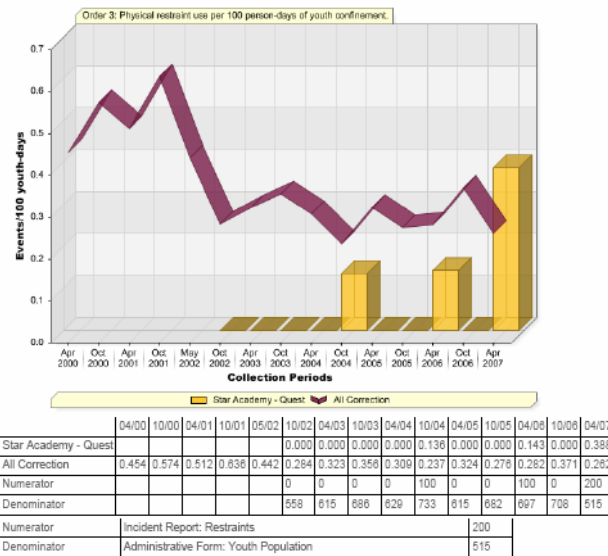

Staff involvement in administrative sanction for conduct related to youth (e.g., suspension, letter of reprimand, demotion, etc.) per 100 staff days of employment.

Staff involvement in administrative sanction for conduct related to youth, is zero percent for October. This increased to one incident for the April data collection.

7.2.3 Order 3 Restraints: Physical

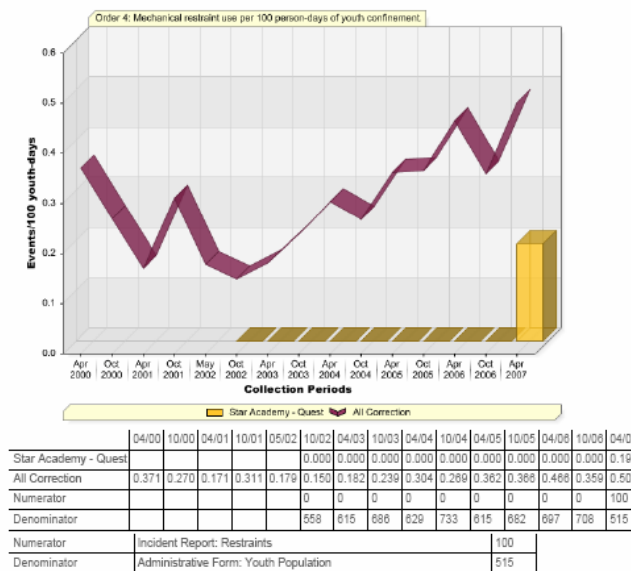

Physical restraint use
per 100 person days of
youth confinement.

There was zero incidents of physical restraint use for Oct '06 and two incident for April '07 a rate of .262. The national average for this OM is currently .262.

7.2.4 Order 4 Restraints: Mechanical

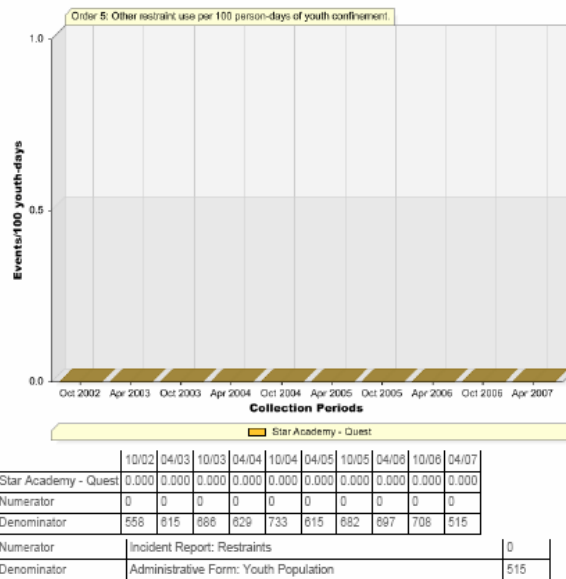

Mechanical restraint
use per 100 person
days of youth
confinement.

There were no incidents of mechanical restraint use for October '06 and one incident reported in April '07. This outcome measure remains below the national average which is .359 for October '06 and .501 for April '07.

7.2.5 Order 5 Restraints: Other

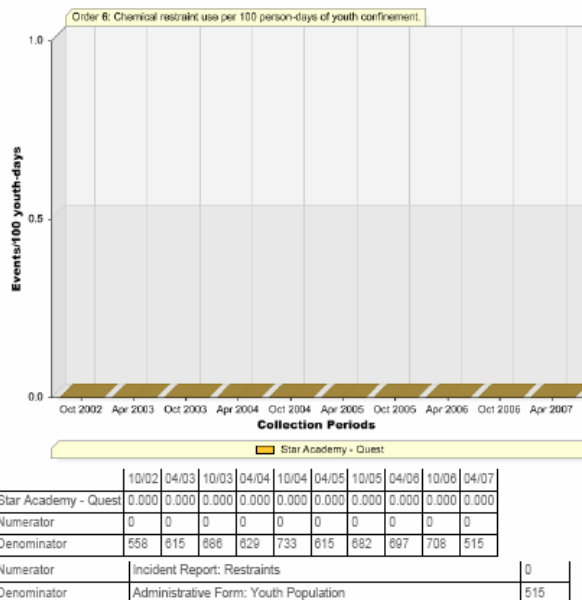

Other restraint use per
100 person days of
youth confinement.

There have consistently
been no incidents of other
restraint use for all data
collections.

7.2.6 Order 6 Restraints: Chemical

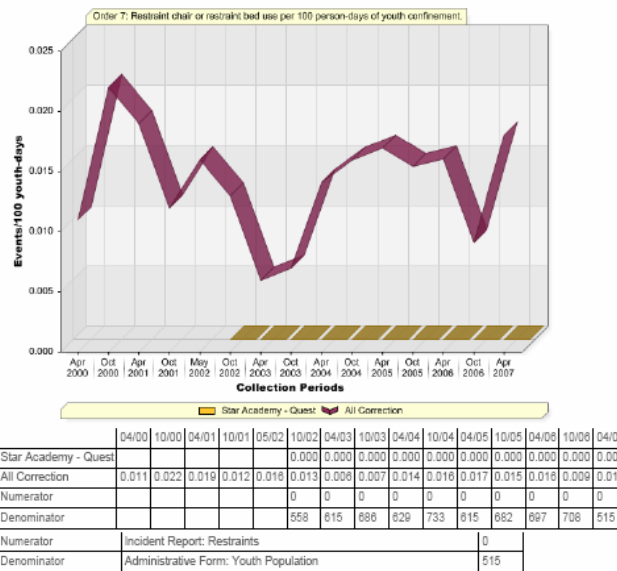

Chemical restraint use
per 100 person days of
youth confinement.

There have been no
incidents of chemical
restraint use for all data
collections.

7.2.7 Order 7 Restraints: Chair/Bed

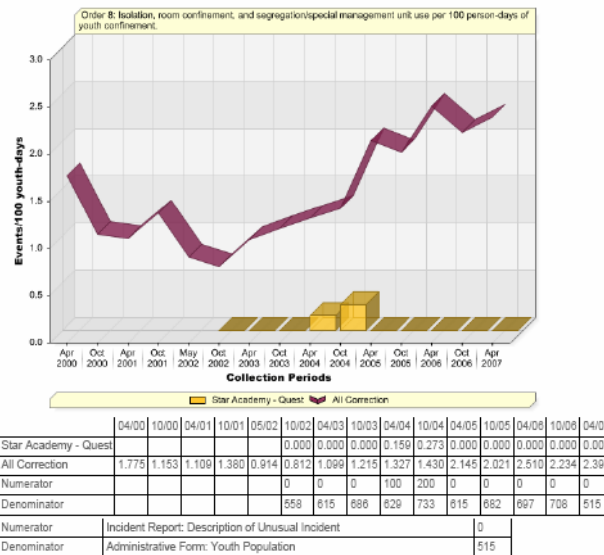

Restraint chair or restraint bed use per 100 person days of youth confinement.

Restraint chair/restraint bed use remains at zero for all data collections to date. The national average is .009 for October '06 and .018 for April '07.

7.2.8 Order 8 Confinement: Isolation/Room

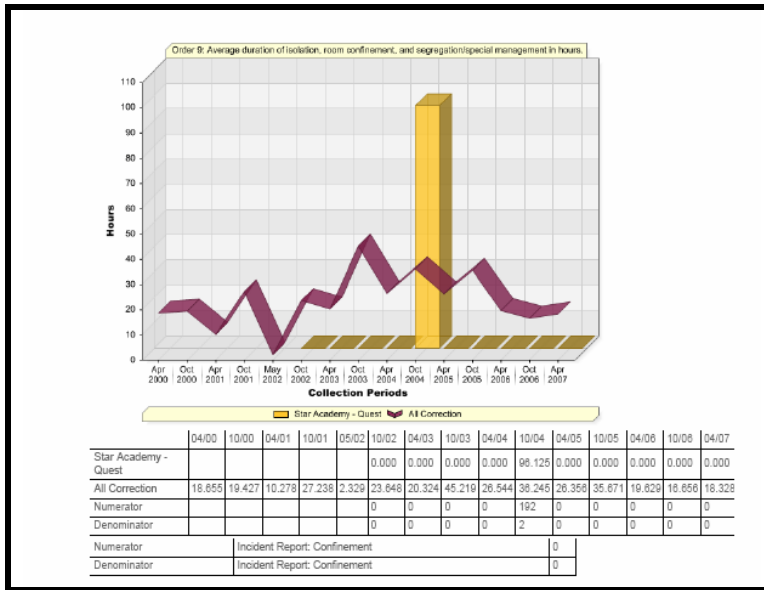

Use of isolation and room confinement and segregation/special management unit use per 100 person days of youth confinement.

There are no incidents per 100 person days of youth confinement for October '06 and for April '07. The national average is 2.234 in October and 2.395 in April.

7.2.9 Order 9 Confinement: Duration

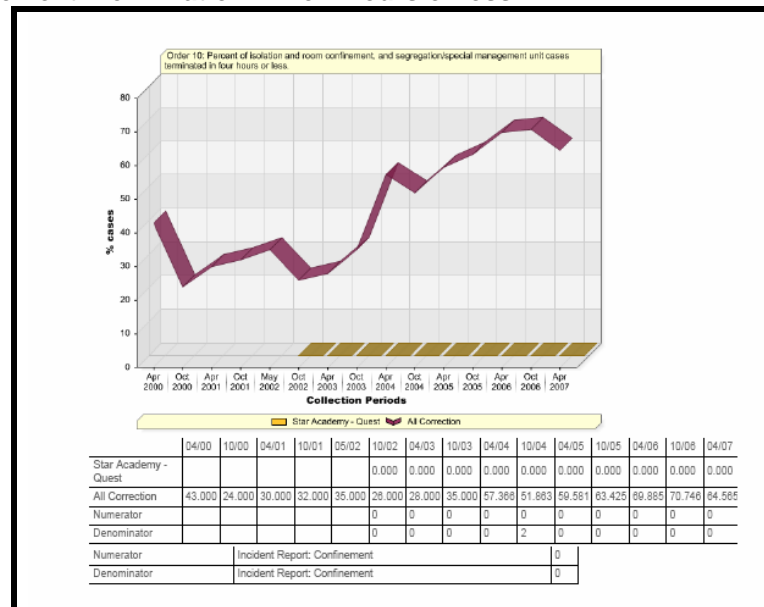

Average duration of isolation and room confinement and segregation/special management unit in hours.

Average duration of isolation and room confinement in hours remains at zero for the last five data collections. The national average in October '06 is 16.656 hours, and 18.328 hours in April '07.

7.2.10 Order 10 Confinement: Termination Time 4 hours or less

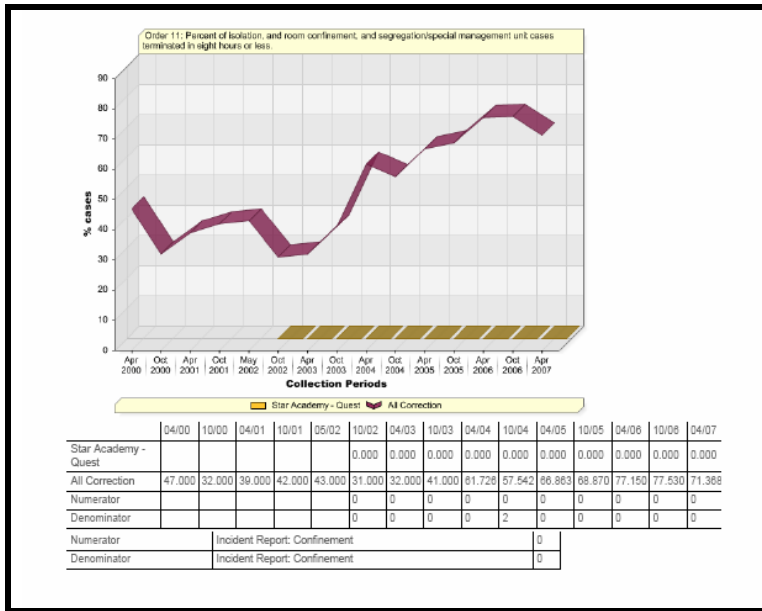

Percent of isolation or room confinement and segregation/special management unit cases terminated in four hours or less.

Percent of isolation or room confinement terminated in four hours or less was zero percent for both reporting periods. The national average for this OM is 71% for October and 64% for April.

7.2.11 Order 11 Confinement: Termination Time 8 hours or less

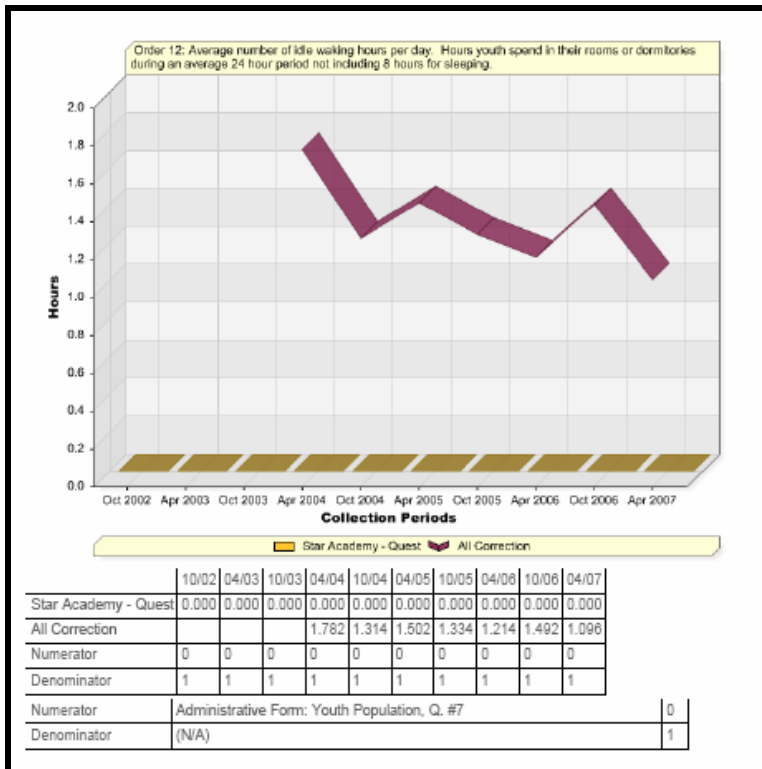

Percent of isolation or room confinement and segregation/special management unit cases terminated in eight hours.

Percent of isolation or room confinement cases terminated in eight hours or less is zero percent for both reporting periods. The national averages for October and April are 77% and 71%, respectively.

7.2.12 Order 12 Idle Hours

Number of idle hours youth spent in their rooms or dorms not including 8 hours for sleeping.

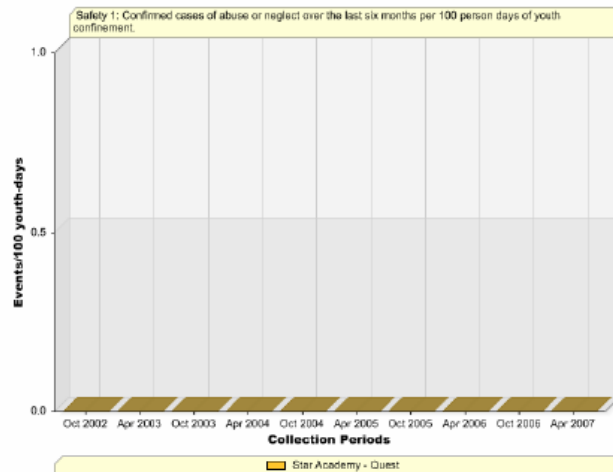

Average number of idle waking hours per day is zero percent for all consecutive data collections. The national average rate for April '07 is 1.096 hours per day.

7.3 Safety

This includes injuries, overpopulation, self-destructive behavior, assaults, and fear for safety.

7.3.1 Safety 1 Abuse or Neglect

Number of confirmed cases of abuse or neglect over the last six months per 100 person days of youth confinement.

	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06	04/07

Numerator	Incident Report: Injuries										500				
Denominator	Administrative Form: Youth Population										515				

Injuries to youth per 100 person days decreased in October '06 to nine incidents per 100 days for a rate of 1.271. In April '07 the number of injuries decreased to five incidents for a rate of .971. These are above the national average of .413 (Oct) and .449 (April).

7.3.3 Safety 3 Injuries: Staff

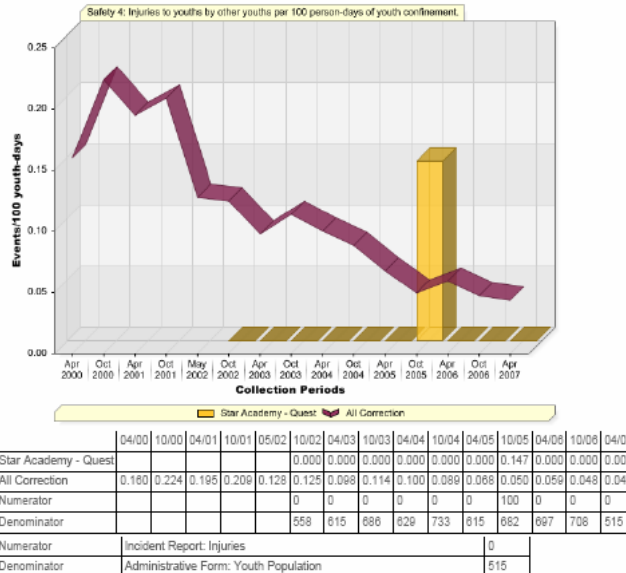

Injuries to staff per 100 staff days of employment.

Reported injuries to staff has consistently been zero for all data collections to date.

7.3.4 Safety 4 Injuries: Youth by Youth

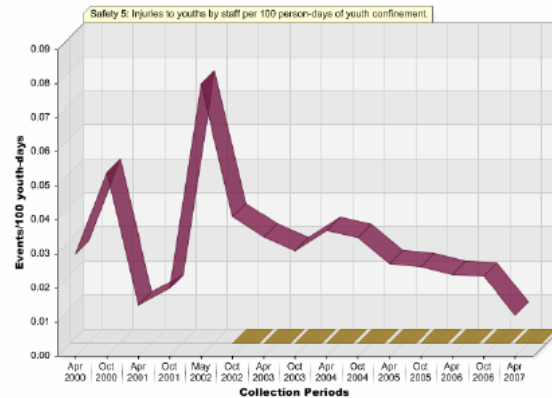

Injuries to youth by other youth per 100 person days of youth confinement.

Injuries to youth by other youth per 100 person days of confinement is zero percent for both data collections. The current national average for this OM is .044.

7.3.5 Safety 5 Injuries: Youth by Staff

Injuries to youth by staff per 100 person days of youth confinement.

	04/00	10/00	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06	04/07

Numerator	Incident Report: Description of Unusual Incident and Injury														100
Denominator	Administrative Form: Youth Population														515

Suicidal behavior with injury by youth was zero in October '06 and increased to one incident in April '07, a rate of .194. The national average for this OM is currently .027.

The FIP team continues to monitor this OM closely.

7.3.7 Safety 7 Suicidal Behavior: Without Injuries

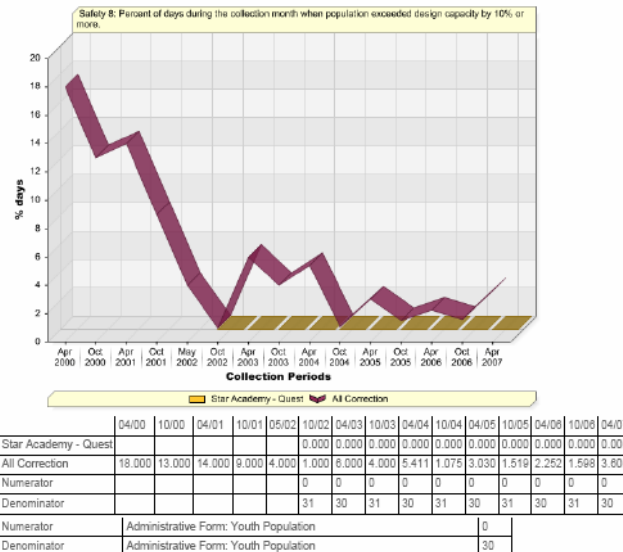

Suicidal behavior without injury by youth per 100 person days of youth confinement.

Suicidal behavior without injury by youth is zero for October '06 and for April '07. The national average for this OM is currently .053.

7.3.8 Safety 8 Design Capacity

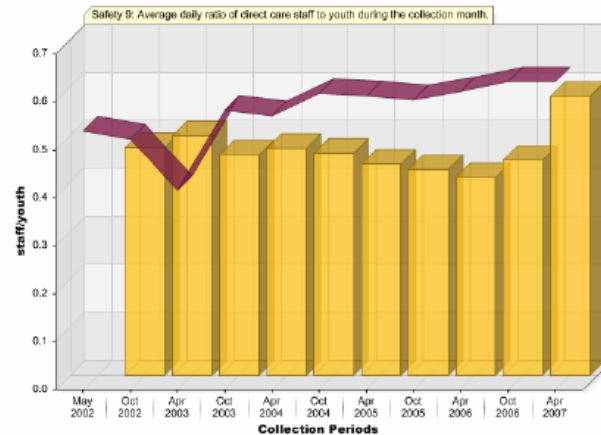

Percent of days during the collection month when population exceeded design capacity by 10 percent or more.

Percent of days during the assessment period when the population exceeded the design capacity by 10% or more is again zero for the tenth consecutive data collection. The current national average for this OM is 3.600.

7.3.9 Safety 9 Ratio: Direct Care Staff to Youth

Average ratio of direct care staff to youth for each day during the collection month.

	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06	04/07

Numerator	Administrative Form: Administrative Form: Staff Data, Q. #1										299.0625
Denominator	Administrative Form: Youth Population										515

Average ratio of staff to youth for October '06 is at a rate of .448 and .581 in April '07. The national averages for these data collections are .642 for both October and for April.

A FIP was developed for this OM in October '02 which has been deemed successful and formally closed.

7.3.10 Safety 10 Injuries: Application of Physical/Mechanical Restraints

Youth injured during the application of physical and/or mechanical restraints per 100 person days of youth confinement.

	04/00	10/00	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06	04/07

All Correction	0.053	0.079	0.077	0.084	0.059	0.037	0.026	0.026	0.052	0.032	0.038	0.023	0.021	0.022	0.010
Numerator	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0
Denominator						558	615	688	629	733	615	682	697	708	515
Numerator	Incident Report: Injuries										0				
Denominator	Administrative Form: Youth Population										515				

Youth injured during the application of physical or mechanical restraints has continued to be zero for all data collection periods to date. The current national average for this OM is .010.

7.3.11 Safety 11 Assaults: Youth

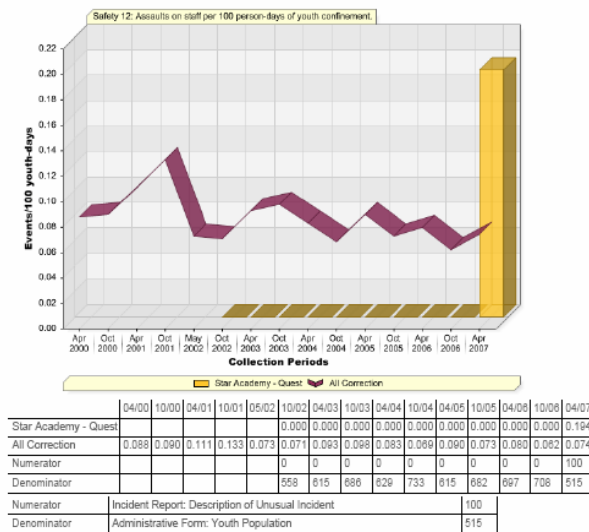

Assaults on youth per
100 person days of
youth confinement.

Assaults on youth per
100 person days of youth
confinement decreased to
zero incidents in October
and one incident (.194)
in April. The national
average for this OM is
.251.

7.3.12 Safety 12 Assaults: Staff

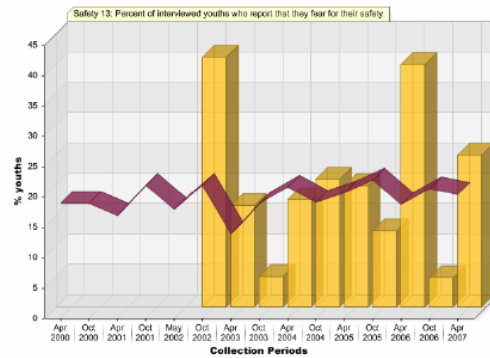

Assaults on staff per
100 person days of
youth confinement.

Assaults on staff per 100
days of youth
confinement was zero for
October '06 data
collection. There was one
incident reported in April
'07 a rate of .062. The
current national average
for this OM is .074.

7.3.13 Safety 13 Fear For Safety: Youth

Percent of interviewed youth who report that they fear for their safety.

	04/00	10/00	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06	04/07
Star Academy - Quest						41.176	16.867	5.000	17.847	21.053	20.000	12.500	40.000	4.762	25.000
All Correction	19.000	19.000	17.000	22.000	16.000	22.000	14.000	19.000	21.863	19.181	20.767	22.881	16.832	21.447	20.479

Denominator						17	18	20	17	19	20	18	20	21	16
Numerator	Youth Climate Survey: Safety & Security, Q. #19														4
Denominator	Youth Climate Survey: # of surveys with "Yes" or "No" answer for Q. #19														16

The percent of interviewed youth that report fearing for their safety decreased to one youth (5%) for the October data collection. This increased in April to four youth (25%) fearing for their safety. The current national average for this OM is 20%.

A FIP has been developed for this OM October '04 and has been deemed successful and formally closed. The FIT is closely monitoring this OM along with Safety 14.

7.3.14 Safety 14 Fear For Safety: Staff

Percent of staff who report that they fear for their safety.

In October '06 four staff reflect fearing for their safety (19%). In April three staff reported they feared for their safety (25%). The current national average is 17%.

A FIP has been developed for this OM October '05, reviewed bi-annually and is currently open. See details below.

7.3.14.1

Problem: Staff reporting that they fear for their safety has significantly increased. With new staff and new program management a fresh approach to the internal fear surveys will take place. They will be administered not only to direct care program staff but also to direct care education staff at different times. The (FIP) team will then identify what the fears are, and what organizational program they are coming from (program, education, maintenance team members).

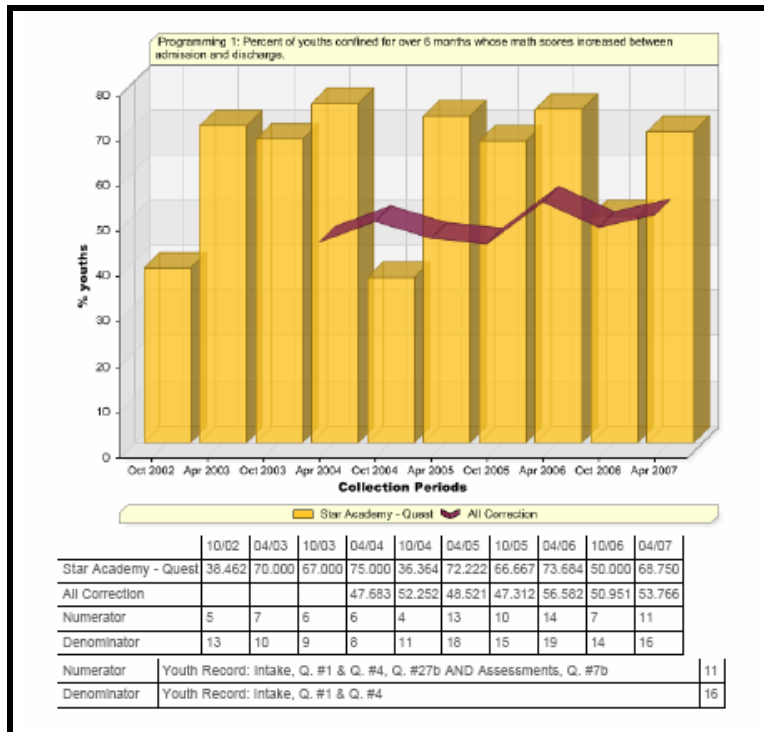

Final Solution: The treatment director's will take the lead on this (FIP) and communicate the survey outcomes back to the senior staff involved. One goal is to determine if the known fears can be remedied or if it is beyond our control. Discussion of fear concerns from past fear surveys dealt with the following items: (poor radios, difficult youth, lack of staff) Many transitional changes have occurred at STAR Academy this last year and many staff have shifted responsibilities. A new "Youth Conduct of Standards" operational memorandum has been established to help with the program transition. New radios have been ordered and each staff will maintain their own, overfill positions have been approved as well as hiring more temps. New de-escalation training has become available and will be reviewed with staff. (Jireh) Better communication among program staff has been established. (ALERT Sheets/All Staff email) On site supervisor and roaming staff have been established which has helped in situations and staff coverage. State PbS Coordinator will collaborate with other jurisdictions to see if they have successful action steps that we might utilize.

7.4 Programming

This includes academic progress as well as measures pertaining to mental health, social skills, substance abuse, individual treatment plans, [ITP], family contacts, and volunteers.

7.4.1 Programming 1 Scores: Math

Percent of youth confined for over 6 months whose math scores increased between admission and discharge.

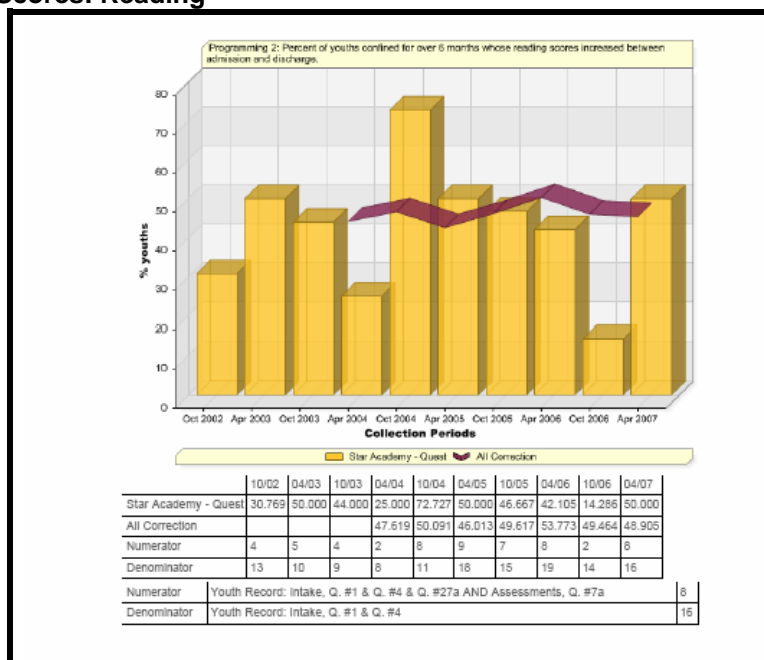

In the Quest program, 50% of youth confined over 6 months had math scores increase between admission and discharge in October '06, and 69% in April '07. The current national average for this OM is 54%.

A FIP was developed for this OM in October '02 and has been deemed successful and formally closed.

7.4.2 Programming 2 Scores: Reading

Percent of youth confined for over 6 months whose reading scores increased between admission and discharge.

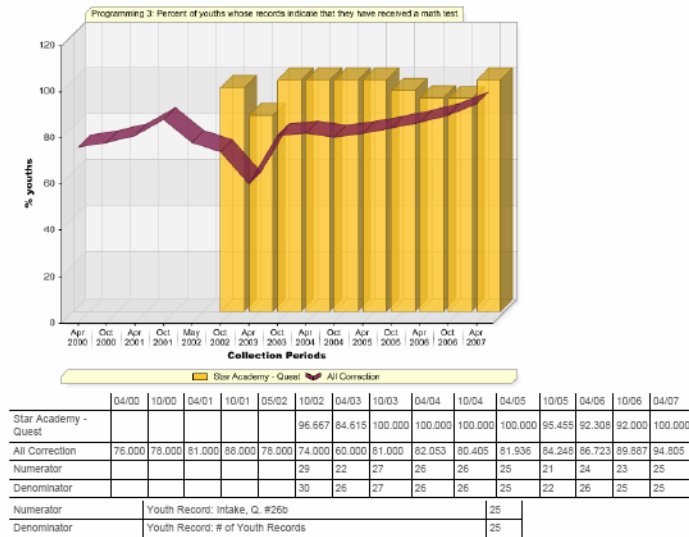

In the Quest program, 14% of youth confined over 6 months had reading scores increase between admission and discharge in October '06 and 50% of youth had scores increase in April '07. The current national average for this OM is 49%.

A FIP was developed for this OM in April 2004 and has been formally closed due to the significant increase.

7.4.3 Programming 3 Admission: Math Test

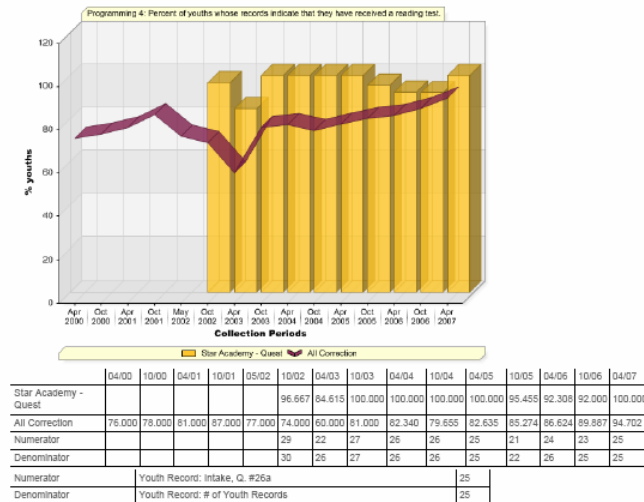

Percent of youth whose records indicate that they received a math test at admission.

Percent of youth whose records indicate they have received a math test at admission was 92% in October and 100% in April. This is above the national average, which is currently 95%.

7.4.4 Programming 4 Admission: Reading Test

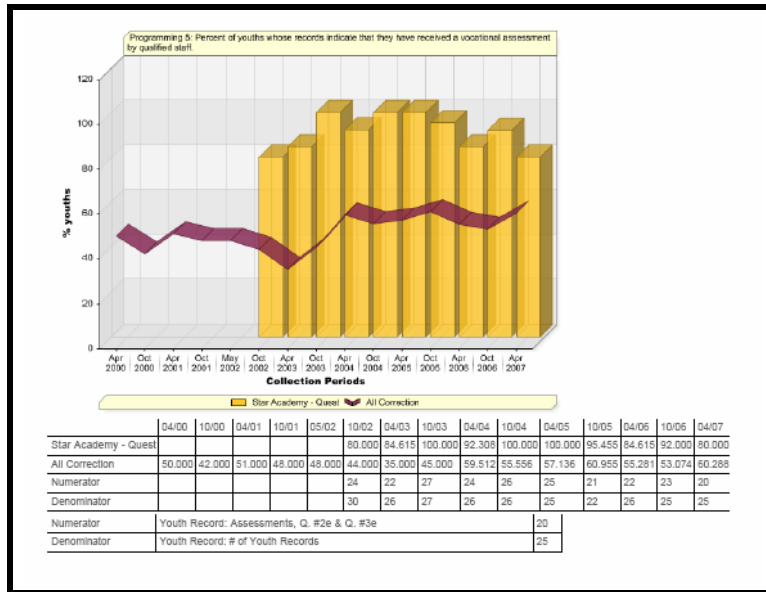

Percent of youth whose records indicate that they received a reading test at admission.

Percent of youth whose records indicate they have received a reading test at admission was 92% in October and 100% in April. This is above the national average, which is currently at 95%.

7.4.5 Programming 5

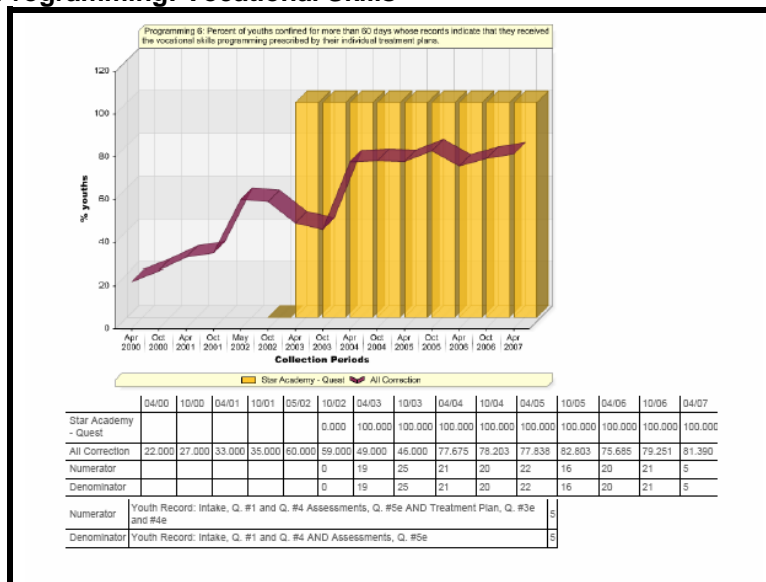

Percent of youth whose records indicate that they received a vocational assessment by qualified staff.

Percent of youth whose records indicate they have received a vocational assessment by qualified staff is 92% for October '06 and 80% for April '07 compared to the current national average of 60%.

7.4.6 Programming 6 Programming: Vocational Skills

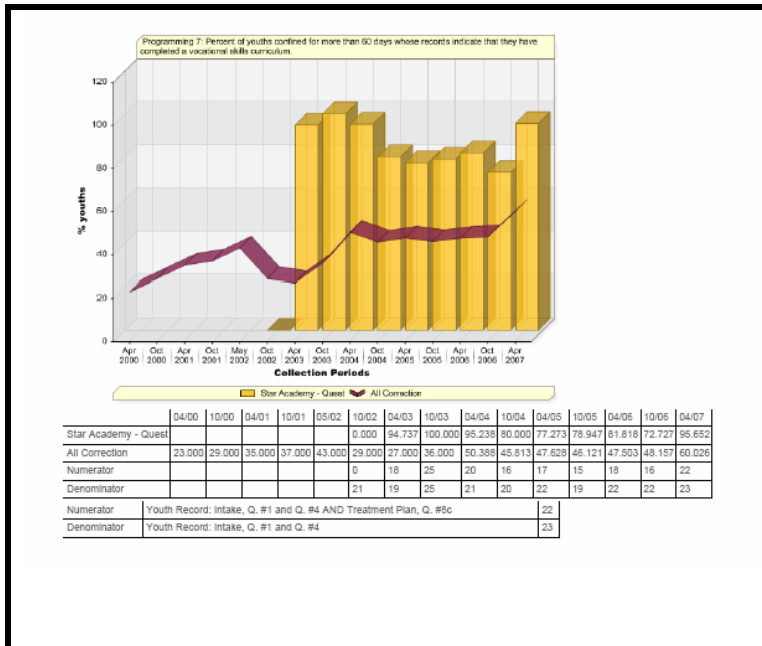

Percent of youth confined for more than 60 days whose records indicate that they received the vocational skills programming prescribed by their individual treatment plans.

Percent of youth confined for more than 60 days whose records indicate they've received vocational skills programming is again 100% for both reporting periods. The national average is 81% for April.

7.4.7 Programming 7 Curriculum: Vocational Skills

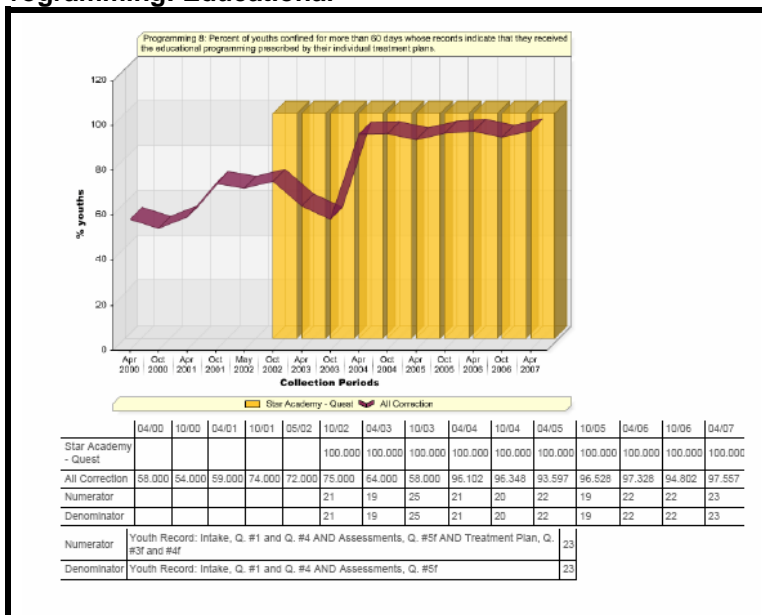

Percent of youth confined for more than 60 days whose records indicate that they have completed a vocational skills curriculum.

The percent of youth confined for more than 60 days whose records indicate that they've completed a vocational skills curriculum was 78% in October '06 compared to the national average of 486%. This increased in April '07 to 96% and remains above the national average of 60%.

7.4.8 Programming 8 Programming: Educational

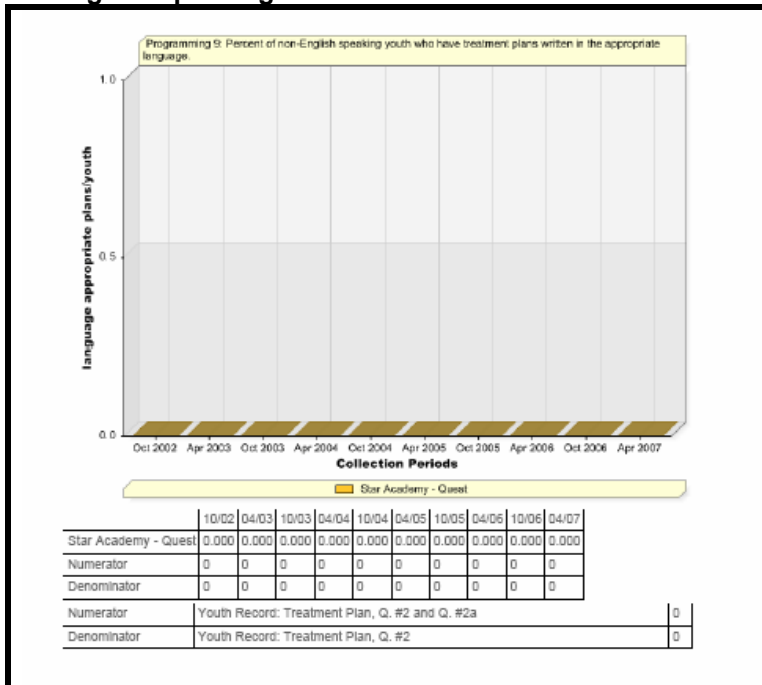

Percent of youth confined for more than 60 days whose records indicate that they received the educational programming prescribed by their individual treatment plans.

Percent of youth confined for more than 60 days whose records indicate they've received the education programming as prescribed in their Individual Treatment Plan (ITP) has consistently been 100% for all data collections. The current national average for this OM is 97%.

7.4.9 Programming 9 Non English Speaking Youth

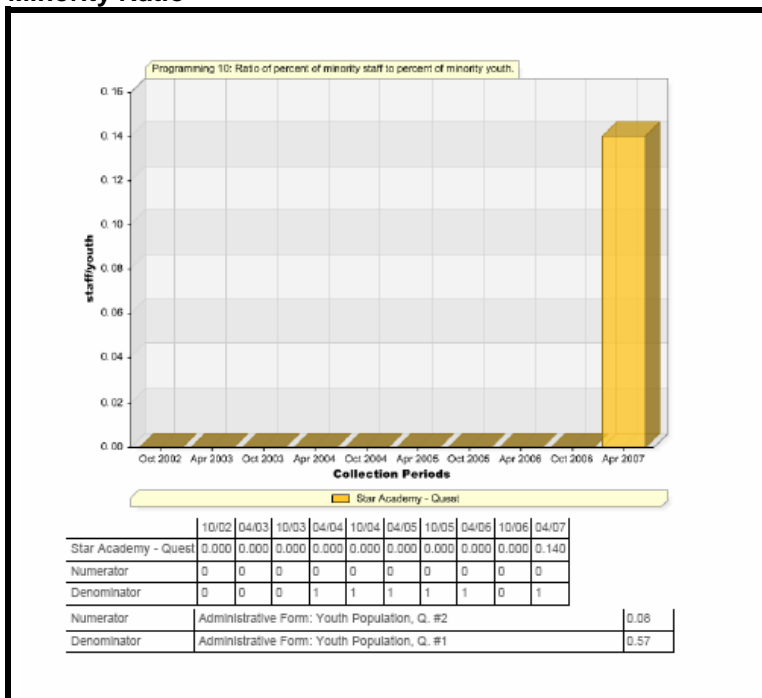

Percent of non-English speaking youth who have treatment plans written in the appropriate language.

Percentage of non-English speaking youth who have treatment plans written in the appropriate language did not apply to Quest for the October '06 nor the April '07 data collections.

7.4.10 Programming 10 Minority Ratio

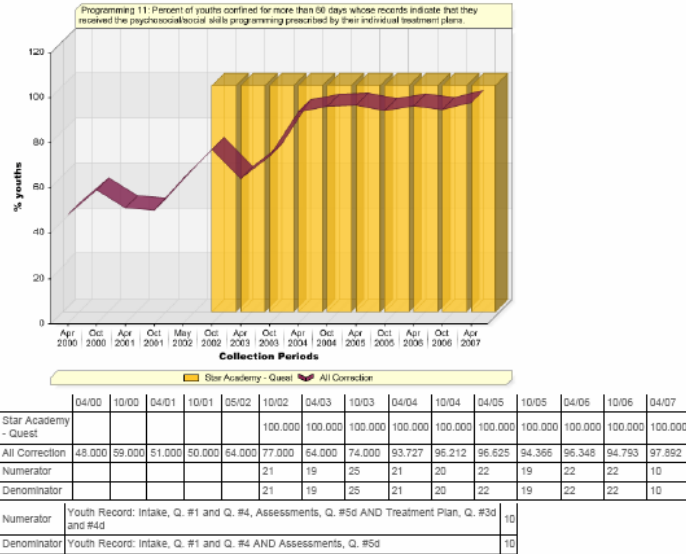

Ratio of percent of minority staff to percent of minority youth.

Ratio of minority staff to minority youth was zero percent for October '06 and .140 for April '07.

7.4.11 Programming 11 Programming: Psychosocial/Social Skills

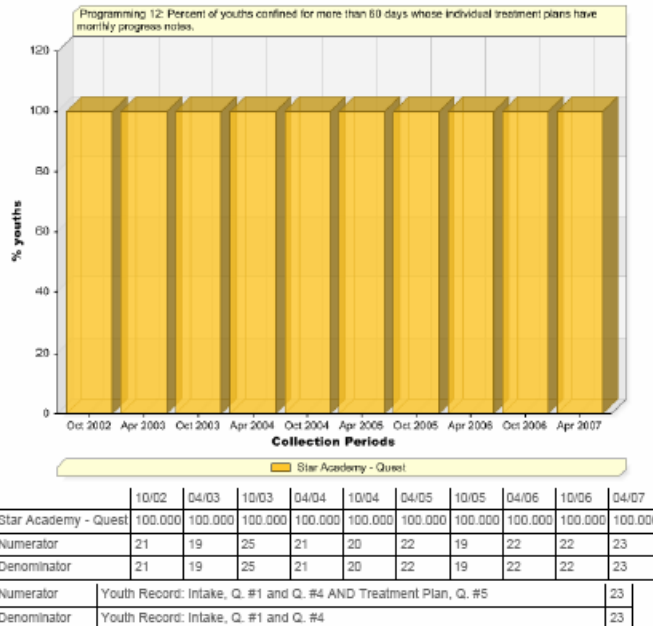

Percent of youth confined for more than 60 days whose records indicated that they received the psychosocial/social skills programming prescribed by their individual treatment plans.

Percent of youth confined for more than 60 days whose records indicate they've received the social skills programming as prescribed in their ITP remains at 100% for both reporting periods. The current national average for this OM is 98%.

7.4.12 Programming 12 Monthly Progress Notes

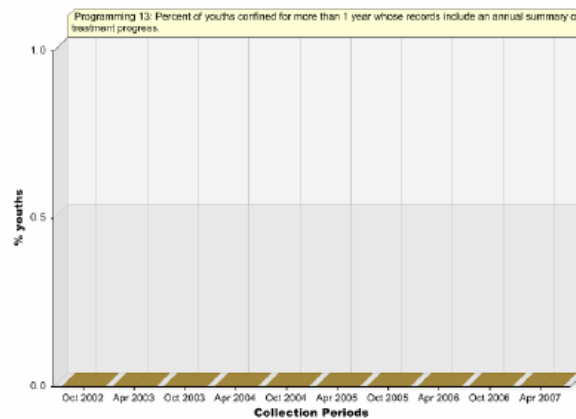

Percent of youth confined for more than 60 days whose individual treatment plans have monthly progress notes.

Percent of youth confined for more than 60 days whose ITP's have monthly progress notes has remained at 100% for all data collections.

7.4.13 Programming 13 Annual Summary Treatment Progress

Percent of youth confined for more than 1 year whose records include an annual summary of treatment progress.

Numerator	Youth Record: Intake, Q. #1 and Q. #4 AND Treatment Plan, Q. #6a										22				
Denominator	Youth Record: Intake, Q. #1 and Q. #4										23				

Percent of youth confined over 60 days whose records indicate they have completed the health curriculum is 73% in October '06 and 96% in April '07. This is above the national average of 52% in October and 63% in April.

7.4.15 Programming 15 Curriculum: Psychosocial/Social Skills

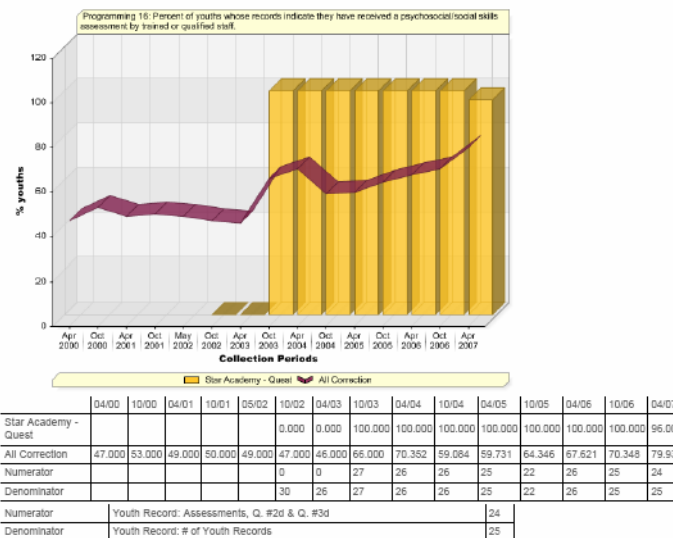

Percent of youth confined for more than 60 days whose records indicate that they have completed the psychosocial/social skills curriculum.

Percent of youth confined over 60 days had records to indicate they have completed the social skills curriculum is 73% for October '06 and 96% for April '07, compared to the national average of 75%.

7.4.16 Programming 16 Assessment: Psychosocial/Social Skills

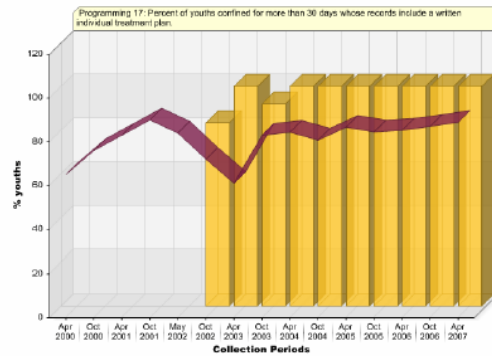

Percent of youth whose records indicate they have received a psychosocial/social skills assessment.

Percent of youth whose records indicate they've received a psychosocial/social skills assessment remains at 100% for all reporting periods. The national average for this OM is currently 80%.

7.4.17 Programming 17 ITP

Percent of youth confined for more than 30 days whose records indicate a written individual treatment plan.

	04/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06	04/07
Star Academy - Quest	83.333	100.000	92.000	100.000	100.000	100.000	100.000	100.000	100.000	100.000	100.000
All Correction	65.000	76.000	83.000	90.000	84.000	72.000	61.000	63.000	64.434	80.750	86.661
Numerator						25	20	24	22	21	24
Denominator						30	20	26	22	21	24
Numerator	Youth Record: Intake, Q. #1 and Q. #4 AND Treatment Plan, Q. #1										23
Denominator	Youth Record: Intake, Q. #1 and Q. #4										23

For both reporting periods, 100% of juvenile's records include a written Individual Treatment Plan. This is above the national average of 87% and 89% respectively.

7.4.18 Programming 18 Rate of Contact

Rate of contact between facility staff and youth family (including phone, email and/or visit).

	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06	04/07

Numerator	Youth Record: Family Contact & Level System, Q. #1 & Q. #4										133
Denominator	Youth Record: Family Contact and Level System, Q. #1										25

Rate of contact between facility staff and youth family is 8.560 contacts for October '06 and 5.320 for April '07. The current national average for this OM is 3.100.

A FIP was developed for this OM in October 2004 and has been deemed successful and formally closed.

7.4.19 Programming 19 Youth Contact With Parents/Guardians

Percent of youth who have ever had in person contact with parents or guardians while in facility.

	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06	04/07
Star Academy - Quest	53.333	70.833	76.000	53.846	57.692	72.000	66.162	61.539	76.000	52.000
Numerator	16	17	21	14	15	16	15	16	19	13
Denominator	30	24	27	26	26	25	22	26	25	25
Numerator	Youth Record: Family Contact & Level System, Q. #1 & Q. #2									13
Denominator	Youth Record: Family Contact and Level System, Q. #1									25

For the October '06 data collection, 76% of youth have had in person contact with a parent or guardian while in the facility. This decreased to 52% for the April '07 data collection.

7.4.20 Programming 20 Telephone Policies

Percent of youth who report that policies governing calls are implemented consistently.

	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06	04/07
Star Academy - Quest	61.111	78.947	75.000	76.471	77.273	84.210	50.000	95.238	85.714	70.568
Numerator	11	15	15	13	17	16	9	20	18	12
Denominator	18	19	20	17	22	19	18	21	21	17
Numerator	Youth Climate Survey: Family Contact, Q. #17									12
Denominator	Youth Climate Survey: # of Youth Climate Surveys									17

Percent of youth who report that policies governing telephone calls are implemented consistently decreased from the previous data collection to 86% in October '06 and to 70% in April '07.

A FIP was developed for this OM in April 2003 and has since been deemed successful and formally closed.

7.4.21 Programming 21 Phone Contact

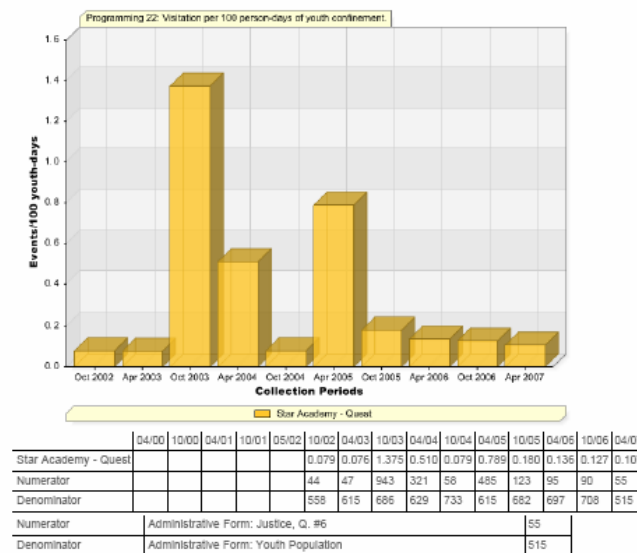

Percent of youth who report that they have had phone contact with a parent or guardian.

Percent of youth who report that they've had phone contact with a parent or guardian was 100% for both reporting periods. The national average for this OM is currently at 93%.

7.4.22 Programming 22 Visitation

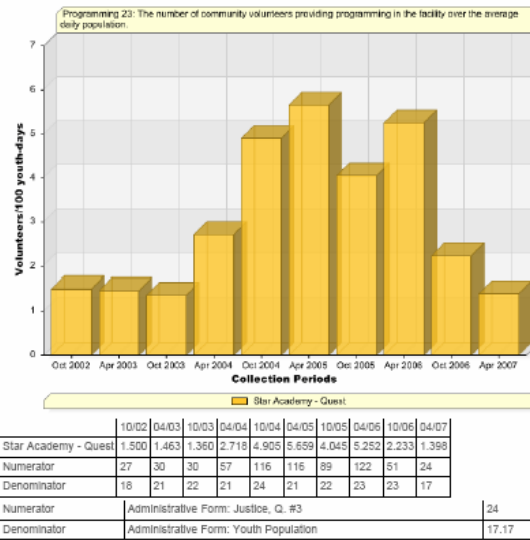

Visitation per 100 person days of youth confinement.

The rate of visitation per 100 person days of confinement decreased in October '06 to a rate of .127 and .107 April '07.

7.4.23 Programming 23 Community Volunteers

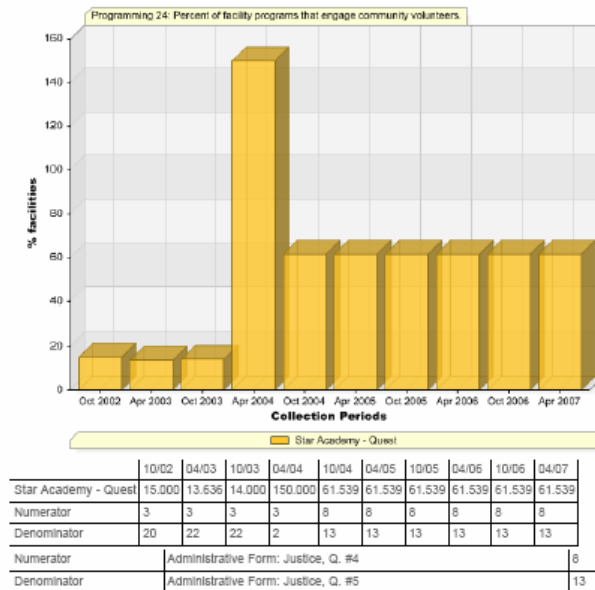

The number of community volunteers providing programming in the facility over the average daily youth population.

The number of community volunteers providing programming over the average day count decreased to 2.233 in October '06 and 1.398 in April '07. PbS measures community volunteers providing volunteer services during the data collection month only.

7.4.24 Programming 24 Community Volunteer Programs

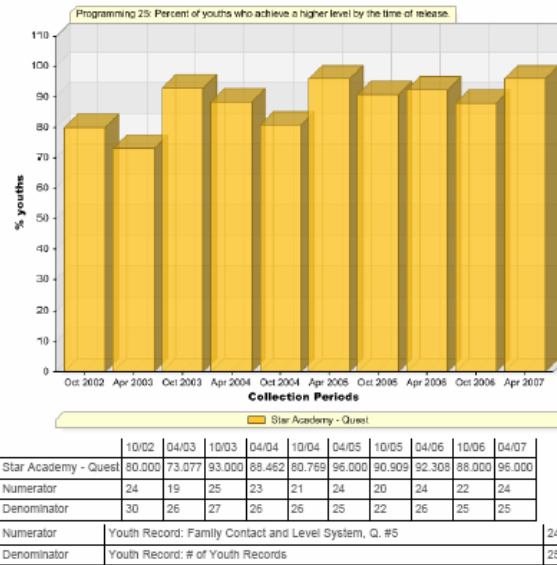

Percent of facility programs that engage community volunteers.

In the Quest program, 61% of different program components engaged community volunteers for both reporting periods.

7.4.25 Programming 25 Higher Level At Release

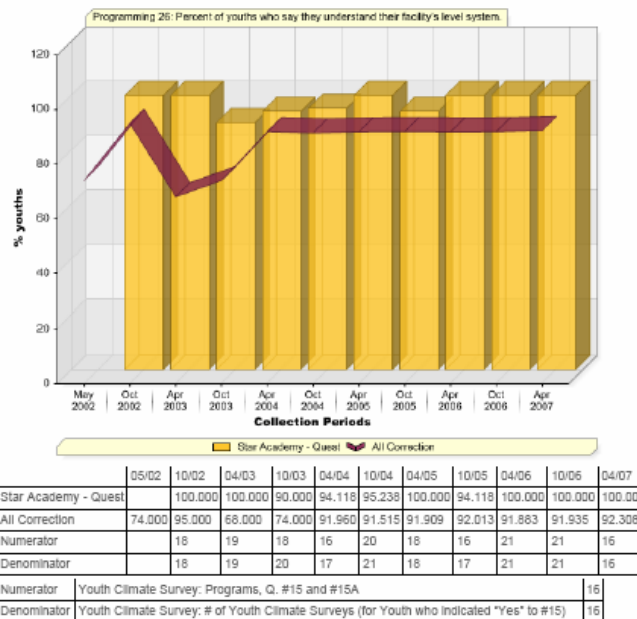

Percent of youth who achieve a higher level by the time of release.

Percent of youth who achieve a higher level by the time of their release decreased in October '06 to 88%, but then increased to 96% in April '07.

7.4.26 Programming 26 Youth's Understanding of Facility Level System

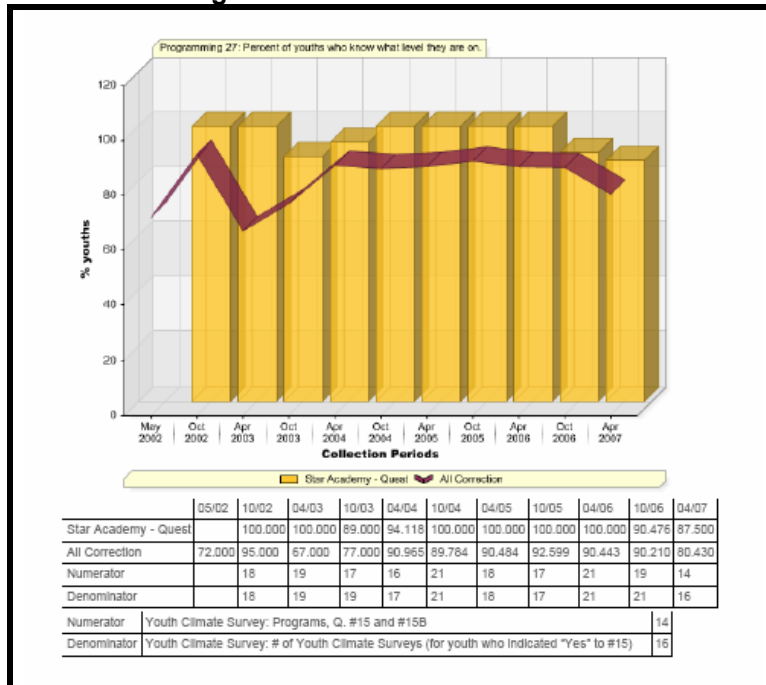

Percent of youth who say they understand their facility's level system.

In the Quest program, 100% of youth said they understand their facility's level system for both data reporting periods. The national average is 92%.

7.4.27 Programming 27 Youth's Knowing Level

Percent of youth who know what level they are on.

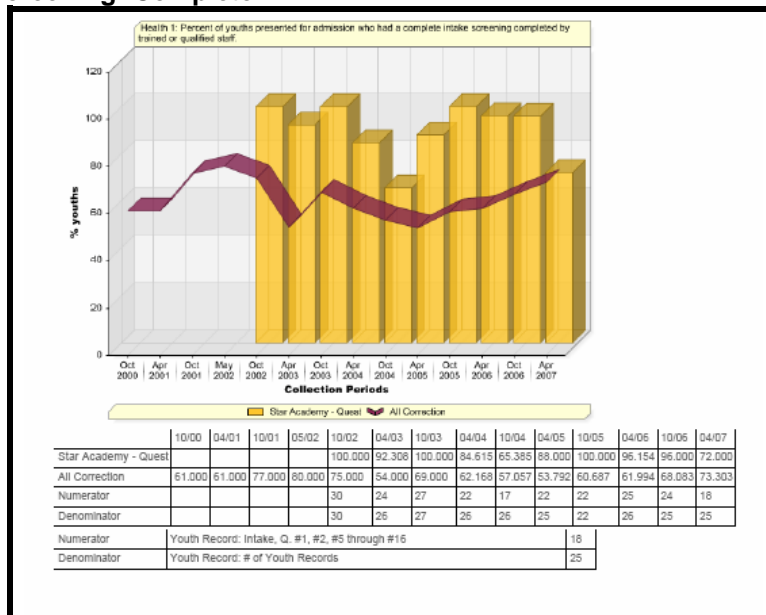

In October '06, 90% of youth said they knew what level they were on. In April '07 this decreased to 87% of youth reporting they knew what level they were on. The national average is currently 80% for this outcome measure.

7.5 Health

This includes intake, ITP implementation, and juvenile awareness of services.

7.5.1 Health 1 Intake Screening: Complete

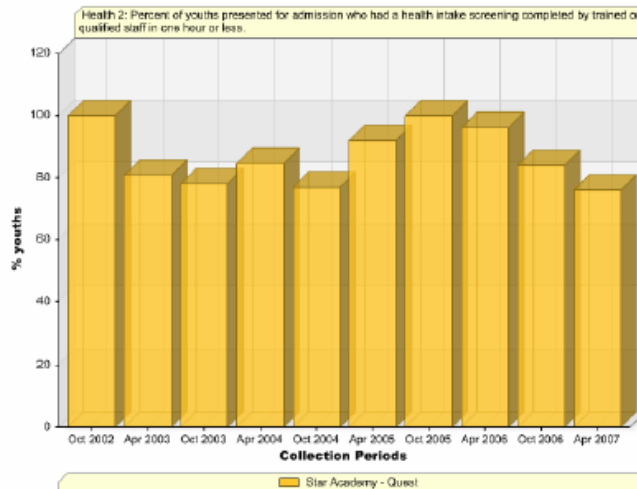

Percent of youth presented for admission who had a complete intake screening by trained or qualified staff.

In the Quest program, 95% of youth at admission had a complete intake screening from trained and qualified staff in October '06 and 72% in April '07. The national average for this OM is currently 73%.

7.5.2 Health 2 Intake Screening: Health

Percent of youth presented for admission who had a health intake screening by trained or qualified staff in one hour or less.

	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06	04/07

Denominator					30	26	27	26	26	26	22	26	25	25	
Numerator	Youth Record: Intake, Q. #1, #2, #5 through #16										16				
Denominator	Youth Record: # of Youth Records										25				

In October '06, 72% of the youth at admission to Quest had a complete intake screening by trained or qualified staff in one hour or less compared to 44% nationally. This decreased to 64% in April '07 compared to 55% nationally.

7.5.6 Health 6 Intake Screening Completed before Assigned to Housing Unit

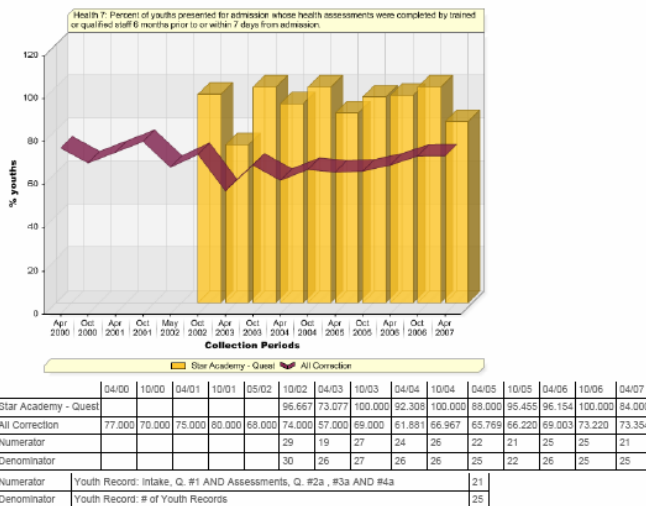

Percent of youth presented for admission whose intake screenings were completed by trained or qualified staff before they were assigned to housing units.

Percent of youth at admission whose intake screenings were completed before they were assigned housing units decreased to 80% in October '06, and 72% in April '07. The current national average for this OM is 49%.

7.5.7 Health 7 Completed: Health Assessments

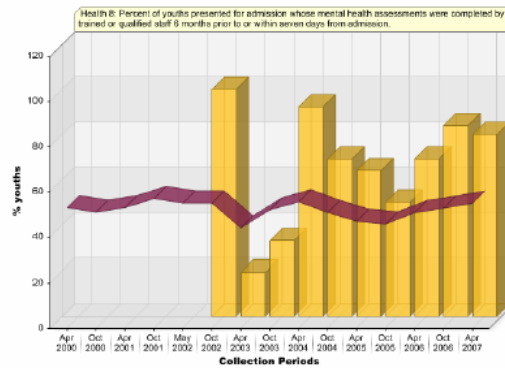

Percent of youth presented for admission whose health assessments were completed by trained or qualified staff within seven days.

The percent of youth admitted who had health assessments completed within 7 days increased to 100% in October '06 and 84% in April '07. Quest continues to remain above the national average for all data collections. The current national average for this OM is 73%.

7.5.8 Health 8 Completed: Mental Health Assessment

Percent of youth presented for admission whose mental health assessments were completed by trained or qualified staff within seven days.

	04/00	10/00	04/01	10/01	05/02	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06	04/07

Denominator	Youth Record: Intake, Q. #1 and Q. #4 AND Assessments, Q. #5a														7

Percent of juveniles confined for over 60 days whose records indicate they received the health treatment as prescribed by their ITP has remained at 100% for all data collections. Quest is above the national average for this OM, which is currently at 86%.

7.5.10 Health 12 Mental Health Treatment

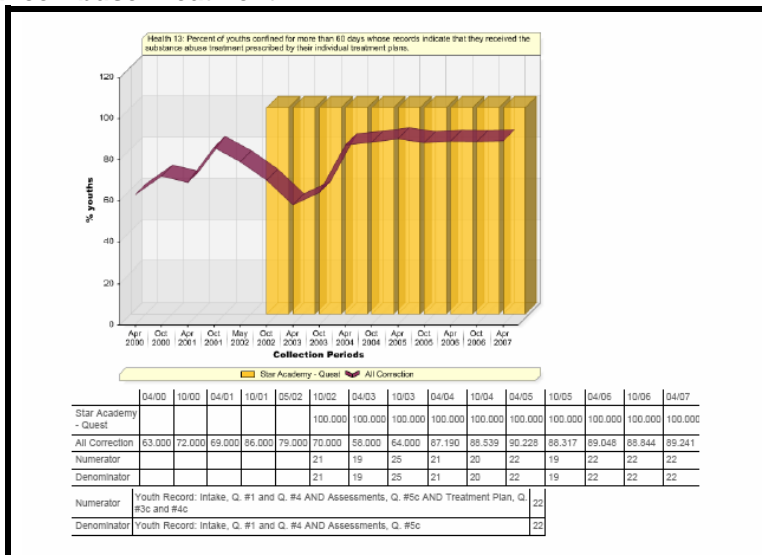

Percent of youth confined for more than 60 days whose records indicate that they received the mental health treatment prescribed by their individual treatment goals.

Percent of juveniles confined for over 60 days whose records indicate they received Mental Health treatment as prescribed by their ITP is 100% for both October and April, and higher than the national average of 92%.

7.5.11 Health 13 Substance Abuse Treatment

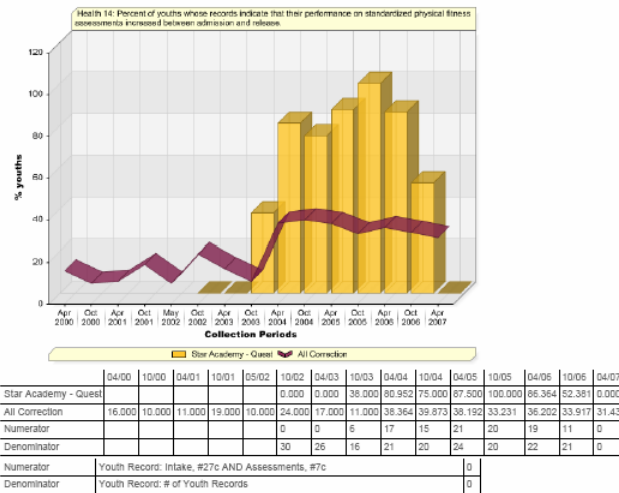

Percent of youth confined for more than 60 days whose records indicate that they received the substance abuse treatment prescribed by their individual treatment goals.

Percent of juveniles confined for over 60 days whose records indicate they received substance abuse treatment as prescribed by their ITP has remained at 100% for all data collections to date. The national average is 89%.

7.5.12 Health 14 Physical Fitness Assessment

Percent of youth whose records indicate that their performance on standardized physical fitness assessments increased between admission and release.

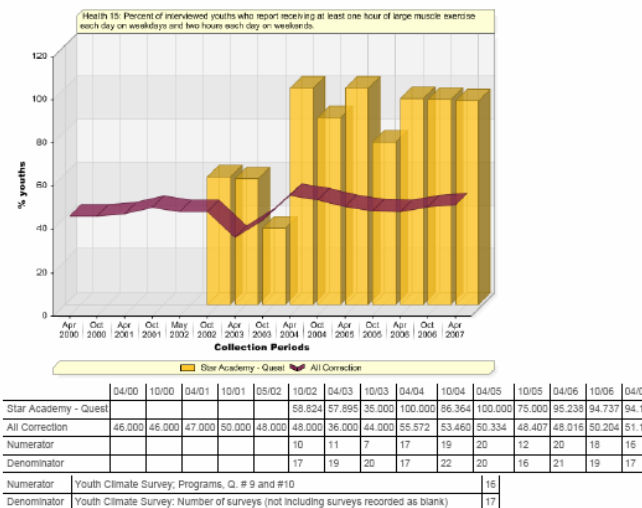

Percent of youth whose records indicate their performance on standardized physical fitness assessments increased between admission and release decreased to 52% in October '06. This OM was not applicable in April '07 since no assessments were administered.

The Facility Improvement Team has taken a close look at this OM and has determined that assessments will be back on track due to the wellness instructor filled position.

A FIP was developed for this OM in October '02 and has been deemed successful and formally closed.

7.5.13 Health 15 Large Muscle Exercise

Percent of interviewed youth who report receiving at least one hour of large muscle exercise each day on weekdays and two hours each day on weekends.

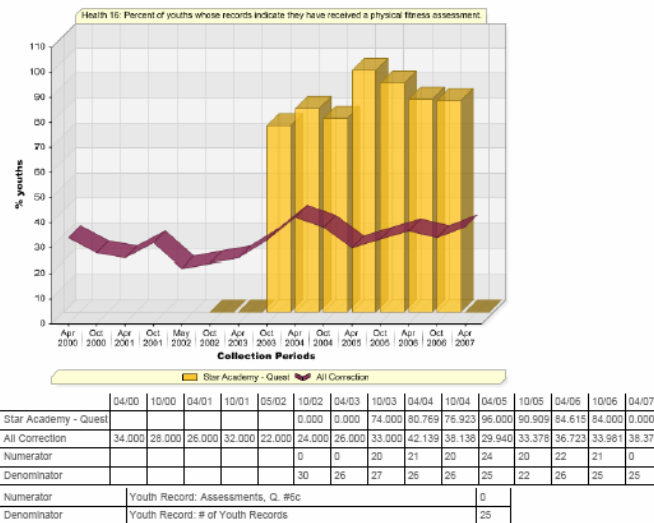

In October '06, 95% of interviewed youth report receiving at least one hour of large muscle exercise each day on weekdays and two hours each day on weekends. This decreased to 94% in April '07 compared to 51% nationally.

A FIP was developed for this OM in April 2003 and has been deemed successful and formally closed.

7.5.14 Health 16 Physical Fitness Assessment

Percent of youth whose records indicated they have received a physical fitness assessment.

In the Quest program, 84% of youth records indicate the youth received a physical fitness assessment in October '06 and zero percent in April '07. This is compared to 33% and 38% nationally.

The Facility Improvement Team has taken a close look at this OM and has determined that assessments will be back on track due to the wellness instructor filled position.

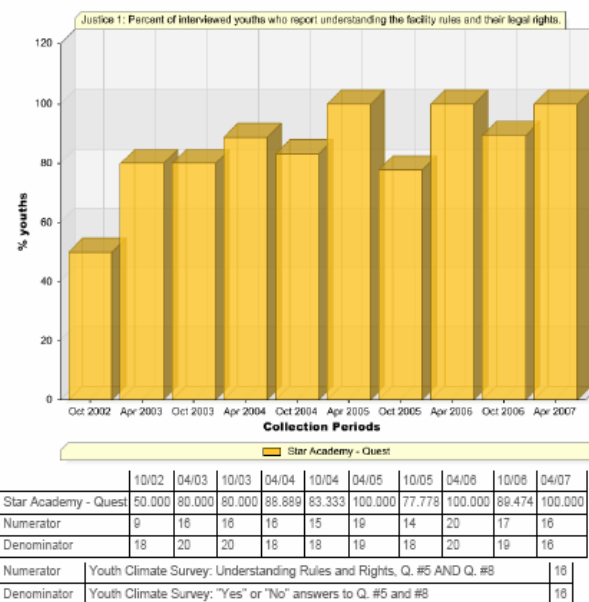

A FIP was developed for this OM in October 2002 and has been deemed successful and formally closed.

7.6 Justice

This includes grievances and legal rights.

7.6.1 Justice 1 Facility Rules and Legal Rights

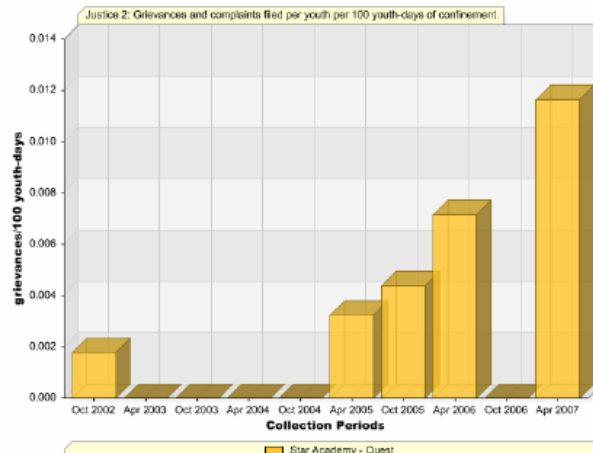

Percent of interviewed youth who report understanding the facility rules and their legal rights.

Percent of interviewed youth who report they understand facility rules and legal rights is 89% for October '06 and 100% for April '07.

7.6.2 Justice 2 Grievances and Complaints: Filed By Youth

Grievances and complaints filed per youth per 100 days of youth confinement.

	10/02	04/03	10/03	04/04	10/04	04/05	10/05	04/06	10/06	04/07

Denominator	Administrative Form: Staff Data									
	0									
	299									

There have been no grievances and complaints filed per staff per 100 days of employment for all data collections to date.

7.6.4 Justice 4 Grievances Filed By Youth

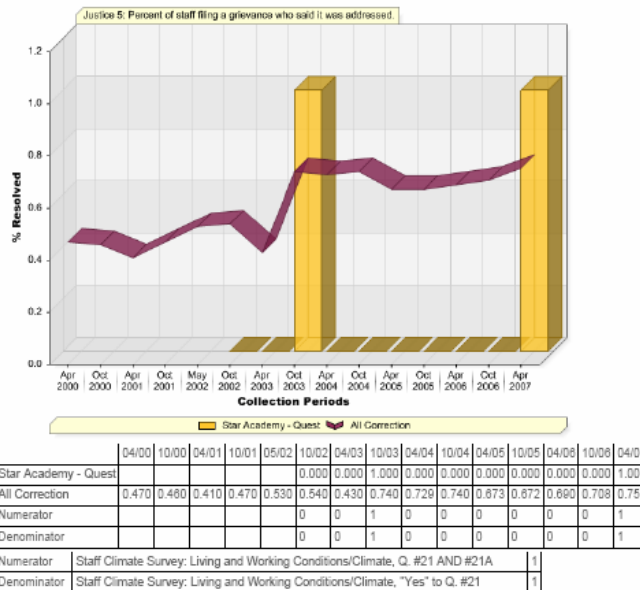

Percent of interviewed youth who report filing a grievance and who said it was addressed.

The percent of interviewed youth that report filing a grievance and said it was addressed was zero percent for both data collections. The current national average for this OM is .553.

7.6.5 Justice 5 Grievances Filed By Staff

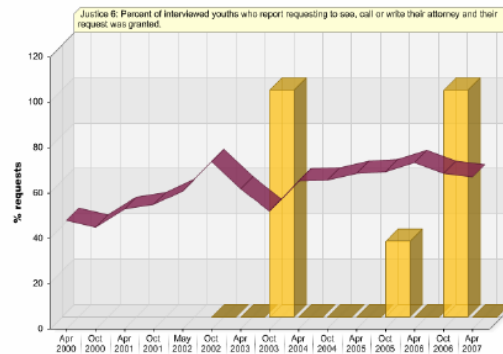

Percent of interviewed staff filing a grievance who said it was addressed.

Staff filing a grievance and report that the grievance was addressed was not applicable for October '06 and 100% for April. The current national average for this OM is .753.

7.6.6 Justice 6 Youth Requesting Attorney Contact

Percent of interviewed youth who report requesting to see, call, or write their attorney and their request was granted.

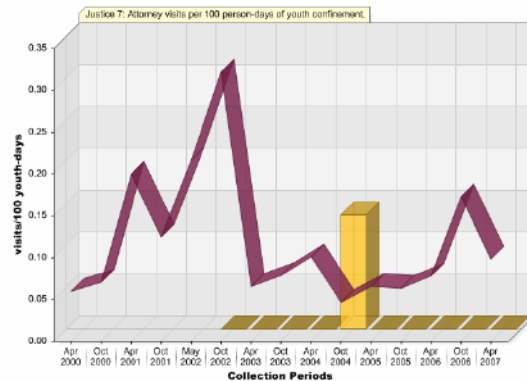

Percent of youth who requested to see, call or write their attorney and their request was granted was 100% in October '06. This was not applicable for the April data collection since there were no such requests. The current national average for this OM is 67%.

A FIP was developed for this OM in October 2004 and has been deemed successful and formally closed.

7.7.3 Reintegration 3 Youth Undergoing Treatment: Chronic Or Acute Illness, Injury, or Medical Condition

Percent of youth undergoing treatment for a chronic or acute illness, injury or medical condition at time of release whose aftercare treatment plan addresses the need for continued (or new) medical treatment.

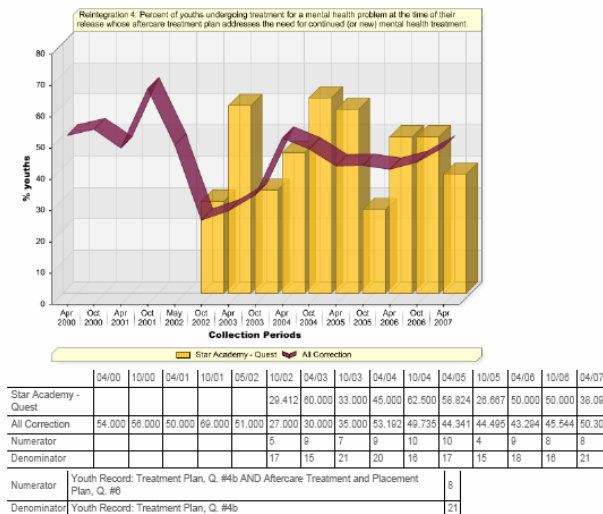

Percent of youth undergoing treatment for a chronic or acute illness, injury or medical condition at time of release whose aftercare treatment plan addressed the need for continued (or new) medical treatment is 43% for October '06 compared to 29% nationally. In April '07, this measured at 19% compared to 26% nationally.

A FIP has been developed for this OM October '04 and has been deemed successful and formally closed.

7.7.4 Reintegration 4 Youth Undergoing Treatment: Mental Health Problem

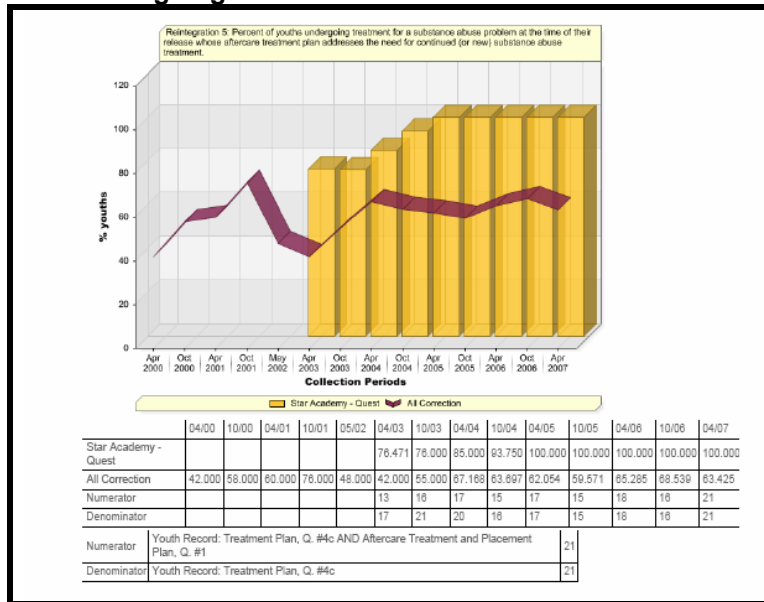

Percent of youth undergoing treatment for a mental health problem at time of their release whose aftercare treatment plan addresses the need for continued (or new) mental health treatment.

Percent of youth undergoing treatment for a mental health problem at time of release whose aftercare treatment plan addressed the need for continued (or new) mental health treatment is 50% for October '06 and 38% for April '07. The national average for this OM is currently 50%.

7.7.5 Reintegration 5 Youth Undergoing Treatment: Substance Abuse

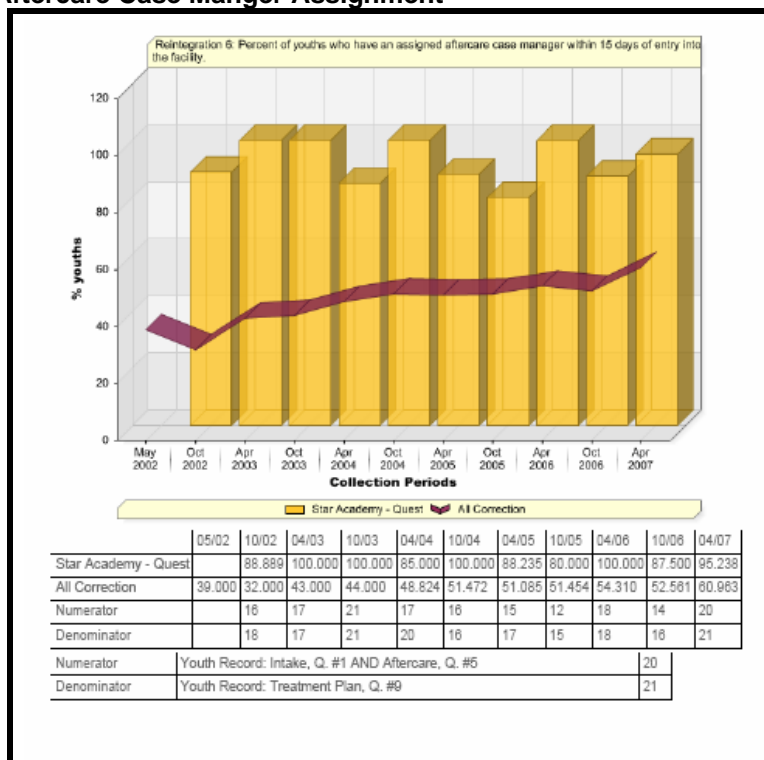

Percent of youth undergoing treatment for a substance abuse problem at time of their release whose aftercare treatment plan addresses the need for continued (or new) substance abuse treatment.

Percent of youth undergoing treatment for a substance abuse problem at the time of release whose aftercare treatment plan addressed the need for continued (or new) substance abuse treatment remains at 100% for the last five data collections. The national average for this OM is currently 63%.

7.7.6 Reintegration 6 Aftercare Case Manager Assignment

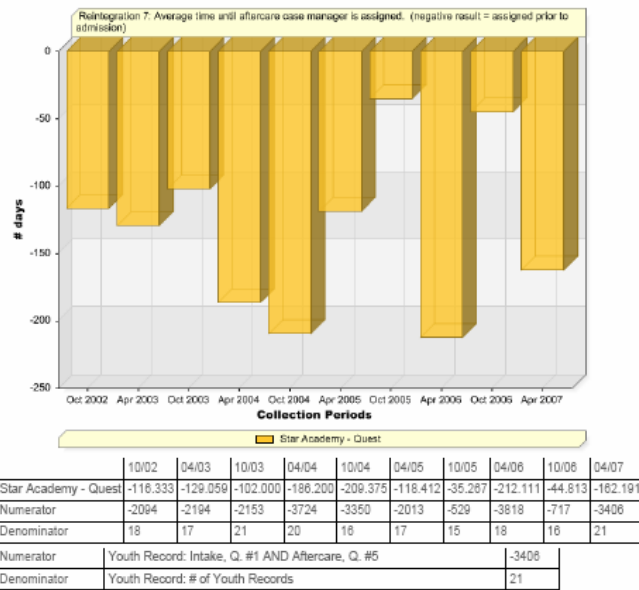

Percent of youth who have an assigned aftercare case manager within 15 days of entry into the facility.

In the Quest program, 87% of youth have an assigned aftercare case manager within 15 days of entry into the facility for October '06 and 95% for April '07. This is better than the national average, which is 52% for October and 60% for April.

7.7.7 Reintegration 7 Aftercare Case Manager Prior to Admission

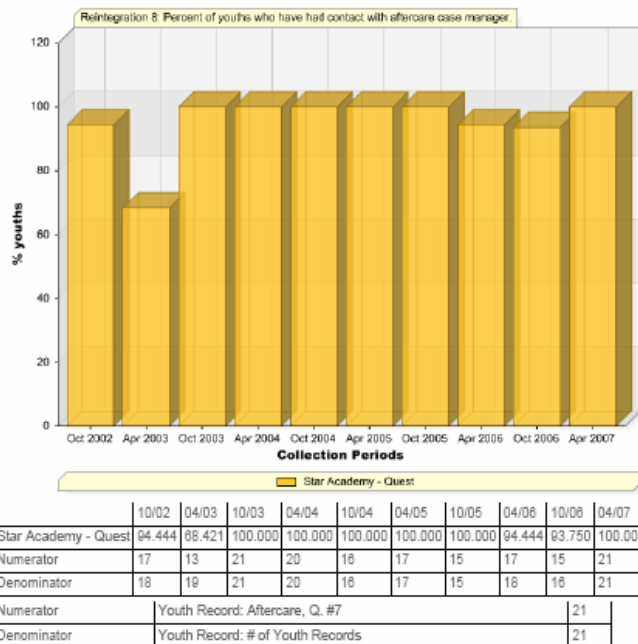

Average time until aftercare case manager is assigned (negative result = assigned prior to admission).

Aftercare case managers are assigned to youth prior to their admission to Quest.

7.7.8 Reintegration 8 Aftercare Case Manager Contact

Percent of youth who have had in person contact with aftercare case manager.

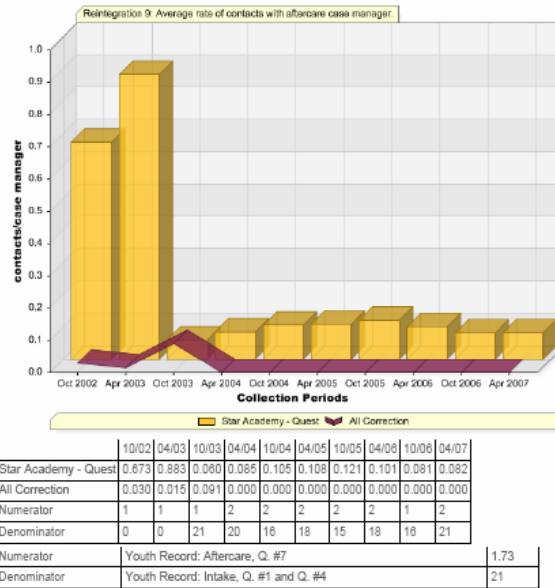

For the October reporting period, 94% of youth had in-person contact with their aftercare case manager. This increased to 100% in April.

A FIP was developed for this OM in April 2004 and has been deemed successful and formally closed.

7.7.9 Reintegration 9 Aftercare Case Manager In Person Contacts

Average rate of in person contacts with aftercare case manager.

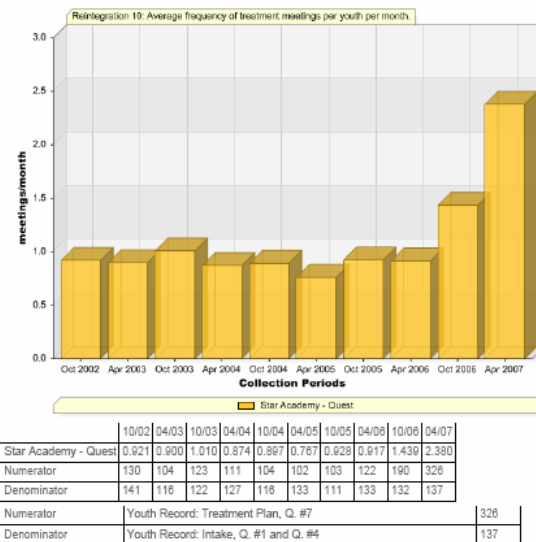

The average rate of in-person contacts with aftercare case manager is .081 for October '06 and .082 for April '07.

A FIP was developed for this OM in April 2004 and has been deemed successful and formally closed.

7.7.10 Reintegration 10 Treatment Meeting Frequency

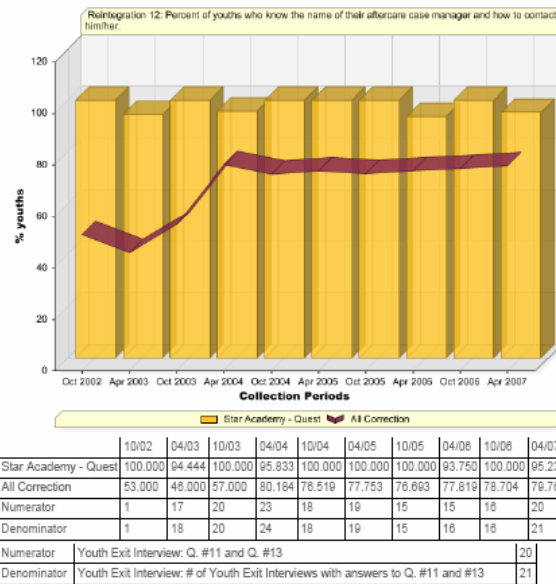

Average frequency of treatment meetings.

The average frequency of treatment meetings is 1.439 per month for October '06 and 2.380 for April '07.

7.7.11 Reintegration 12 Aftercare Case Manager

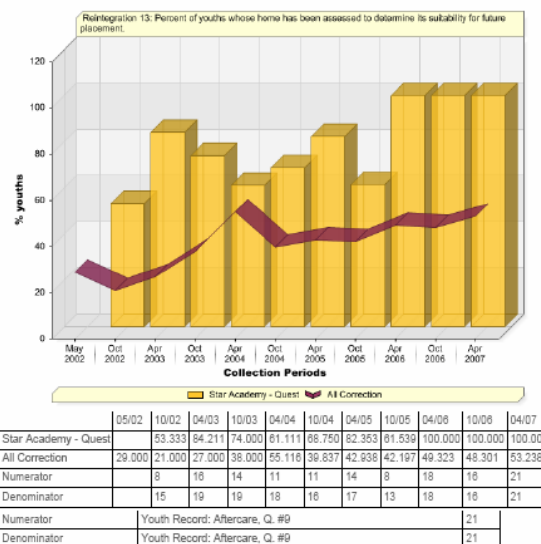

Percent of youth who know the name of their aftercare case manager and how to contact him/her.

In the Quest program, 100% of youth in October '06 and 95% in April '07 know the name of their aftercare case manager and how to contact him/her. The national averages for these two data collections are 79% and 80%.

7.7.12 Reintegration 13 Home Assessment

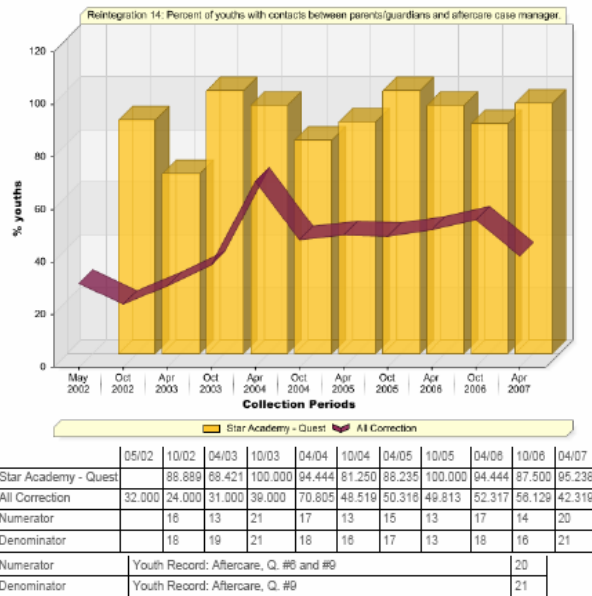

Percent of youth whose home has been assessed to determine its suitability for future placement.

In October '06 and April '07, 100% of the youth's homes have been assessed to determine its suitability for future placement. The current national average for this OM is 53%.

7.7.13 Reintegration 14 Contact Between Aftercare Case Manager And Parents/Guardians

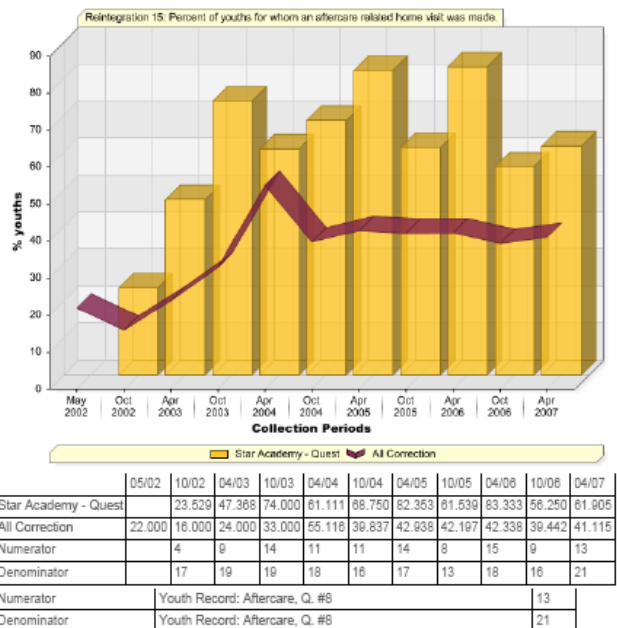

Percent of youth with contacts between parents/guardians and aftercare case manager.

In October '06, the percent of youth with contacts between parents/guardians and aftercare case manager is 87% compared to 56% nationally. In April '07, this increased slightly to 95% and above the national average of 42%.

7.7.14 Reintegration 15 Aftercare Case Manager Visit To Home

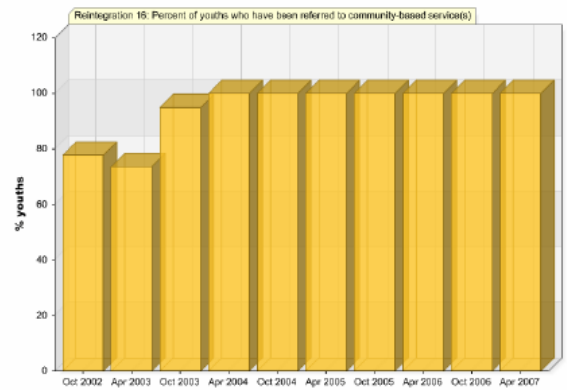

Percent of youth whose aftercare case manager made a family visit to the youth's home.

In the Quest program, 56% of the youth aftercare case managers have made a family visit to the youth's home for October '06, with the national average at 39%. In April '07, this measured 61% and above the national average of 41%.

7.7.15 Reintegration 16 Referred Youth

Percent of youth who have been referred.
